

100% book - Year 11 Grammar Stream

Aim to memorise 100% of the knowledge on these Knowledge Organisers.

Term 4

Swindon Academy 2022-23

Name:

Tutor Group:

Tutor & Room:

"If you are not willing to learn, no one can help you.

If you are determined to learn, no one can stop you."

How to use your 100% book of Knowledge Organisers and Quizzable Organisers

Knowledge Organisers

Knowledge Organisers contain the essential knowledge that you **MUST** know in order to be successful this year and in all subsequent years.

They will help you learn, revise and retain what you have learnt in lessons in order to move the knowledge from your short-term memory to long-term memory.

Quizzable Knowledge Organisers

These are designed to help you quiz yourself on the essential Knowledge.

Use them to test yourself or get someone else to test you, until you are confident you can recall the information from memory.

Top Tip

Don't write on your Quizzable Knowledge Organisers! Quiz yourself by writing the missing words in your prep book. That way you can quiz yourself again and again!

Expectations for Prep and for using your Knowledge Organisers

1. Complete all prep work set in your subject prep book.
2. Bring your prep book to every lesson and ensure that you have completed all work by the deadline.
3. Take pride in your prep book – keep it neat and tidy.
4. Present work in your prep book to the same standard you are expected to do in class.
5. Ensure that your use of SPAG is accurate.
6. Write in blue or black pen and sketch in pencil.
7. Ensure every piece of work has a title and date.
8. Use a ruler for straight lines.
9. If you are unsure about the prep, speak to your teacher.
10. Review your prep work in green pen using the mark scheme.

How do I complete Knowledge Organiser Prep?

Step 1

Check Epraise and identify what words /definitions/facts you have been asked to learn. Find the Knowledge Organiser you need to use.

The image shows a screenshot of the Epraise website. On the left is a 'Planner' for the week of 20th May to 26th May 2020, with columns for Sun, Mon, Tue, Wed, Thu, and Fri. On the right is a 'Knowledge Organiser' for 'Particle Theory'. It contains several sections: 'What is particle theory?', 'What is the law of conservation of mass?', 'What are the different states of matter?', 'What are the differences between the states of matter?', and 'What are the differences between the states of matter?'. Each section has a brief definition and a diagram showing the arrangement of particles in solid, liquid, and gas states.

Step 2

Write today's date and the title from your Knowledge Organiser in your Prep Book.

The image shows a page from a knowledge organiser with handwritten notes. At the top, the date '29th May 2020' and the title 'Particle theory' are written. Below this is a table with two columns: 'A. What is particle theory?' and 'B. What are the differences between the states of matter?'. The table contains definitions for solid, liquid, and gas states. To the right of the table is a diagram showing the arrangement of particles in solid, liquid, and gas states. Below the diagram is a flowchart showing the changes of state between solid, liquid, and gas, with arrows indicating the direction of change and the energy involved (gaining or losing energy).

Step 3

Write out the keywords/definitions/facts from your Knowledge Organiser in FULL.

The image shows handwritten notes on lined paper. At the top, the date '29th May 2020' is written. Below this is the title 'Properties of the states of matter'. The notes define particle theory as 'all matter is made of particles'. It then defines the three states of matter: 'Solid = regular pattern particles vibrate in fixed position', 'Liquid = particles are arranged randomly but are still touching each other particles can slide past each other and move around', and 'Gas = Particles are far apart and are arranged randomly. Particles carry a lot of energy'.

Step 4

Read the keywords/definitions/facts out loud to yourself again and again and write the keywords/definitions/facts at least 3 times.

The image shows handwritten notes on lined paper. It repeats the definitions of the three states of matter three times: 'Solid = regular pattern particles vibrate in fixed position', 'Liquid = particles are arranged randomly but are still touching each other particles can slide past each other and move around', and 'Gas = Particles are far apart and are arranged randomly. Particles carry a lot of energy'.

Step 5

Open your quizzable Knowledge Organiser. Write the missing words from your quizzable Knowledge organiser in your prep book.

The image shows a page from a quizzable knowledge organiser with handwritten answers. The questions are: 'What is particle theory?', 'What is the law of conservation of mass?', and 'What are the differences between the states of matter?'. The answers are: 'Self quizzing', 'Arrangement/movement of matter', and 'Solid = regular pattern particles vibrate in fixed position, Liquid = particles are arranged randomly but are still touching each other particles can slide past each other and move around, Gas = Particles are far apart and are arranged randomly. Particles carry a lot of energy'.

Step 6

Check your answers using your Knowledge Organiser. Repeat Steps 3 to 5 with any questions you got wrong until you are confident.

The image shows handwritten notes on lined paper, similar to Step 3, but with checkmarks indicating correct answers. The notes are: 'Particle theory = all matter is made of particles', 'Solid = regular pattern particles vibrate in fixed position', 'Liquid = particles are arranged randomly but are still touching each other particles can slide past each other and move around', and 'Gas = Particles are far apart and are arranged randomly. Particles carry a lot of energy'.

Make sure you bring in your completed Prep notes to demonstrate that you have completed your prep.

An Inspector Calls grammar

1. Context			2. Key Characters		4. Key Vocabulary	
<p>Playwright: John Boynton Priestley (1894-1984)</p> <p>Dates: Written in 1945</p> <p>First performed: In Moscow, Russia, in 1945</p> <p>Era: Edwardian</p> <p>Genre: Drama</p> <p>Set: Fictional town Brumley 'an industrial city in the north Midlands' in 1912</p> <p>Structure: Three Act Play</p>	<p>Biography of Priestley</p> <ul style="list-style-type: none"> Born in Yorkshire in 1894. Fought in the first world war and became politicised by the suffering of it Became concerned with the effects of social inequality in Britain in 1930s Set up a new political party in 1942, The Commonwealth Party. It merged with the labour Party and was integral in developing the welfare state 		<p>Inspector Goole: An enigmatic (mysterious) figure who serves as Priestley's mouthpiece and advocates social justice. He serves as the Birling's conscience and exposes their sins.</p> <p>Mr Arthur Birling: A capitalist and business owner who opposes social change and greater equality. He is a self-made man and lacks the refined manners of the upper classes. Made a fool by Priestley to highlight the arrogance and absurdity of his views.</p> <p>Mrs Sybil Birling: Her husband's social superior, Mrs Birling is involved in charity work but contradictorily believes in personal responsibility and looking after one's-self. Fails to understand her own children.</p> <p>Sheila Birling: Young and initially enthusiastic, Sheila grows and changes throughout the play, embracing the views of the Inspector and challenging the social indifference of her parents. She becomes wiser and more cautious in her relationship with Gerald.</p> <p>Eric Birling: In his early twenties, he drinks too much and forces himself upon Eva Smith. Whilst she is pregnant with his child, he steals from his father to attempt to support her. Grows and changes, realises his own wrongs along with everyone else's. Critical of parents.</p> <p>Gerald Croft: A businessman engaged to Sheila, Gerald a relationship with Daisy Renton (Eva Smith). Even though he sits between he two generations he is politically closest to Birling and fails to embrace the Inspector's message, instead seeking to prove he wasn't real.</p> <p>Eva Smith: Doesn't appear in the play, but her suffering and abuse represents that of all the working classes. She also calls herself both Daisy Renton and Mrs Birling. The older characters begin to question whether she really is one person.</p>		<p>Capitalist Believing in private wealth and business aimed at making profit for business owners. Independent and self-reliant.</p> <p>Socialist Believing in shared ownership, collective responsibility for one another and social equality for all.</p> <p>Ideology A political viewpoint or set of beliefs, for example socialism.</p> <p>Responsibility Being accountable or to blame for something, or having a duty to deal with something.</p> <p>Hierarchy A ranking of status or power e.g. the strict class hierarchy of Edwardian England.</p> <p>Patriarchy A society in which power lies with men.</p> <p>Prejudice An opposition to or opinion about something/someone based upon what they are e.g. working class, female etc.</p> <p>Morality The belief that some behaviour is right and some is wrong.</p> <p>Proletariat The working class.</p> <p>Bourgeoisie The capitalist class in possession of the means of acquiring wealth.</p> <p>Aristocracy The highest class in society and often holding titles passed from father to son, for example Lord and Lady Croft.</p> <p>Façade A false front or surface-level illusion, for example the façade of family happiness in the opening scene of the play.</p> <p>Catalyst Someone or something that speeds up or triggers an event.</p> <p>Antithesis When something is the opposite of something else.</p>	
<p>Pre and Post War – Before the first world war there was deemed to be a general air of complacency regarding the prospect of any war taking pace. There were strong distinctions between upper and lower classes, society was deeply patriarchal. After the second world war ended in 1945, class distinctions had been greatly reduced by the two wars and women had earned a more valued place in society After 1945 there was a desire for more sweeping social change.</p>	<p>Socialism – Socialism is an approach to economic and social systems that is characterised by social ownership, democratic control and high levels of equality. Socialism is generally concerned with ensuring that disparities between wealth and social status are erased from society. After the two World Wars British society was far more open to socialist ideas. In <i>An Inspector Calls</i>, the Inspector harbors socialist attitudes.</p>		<p>3. Central Themes</p> <p>Social Responsibility Priestley advocates a socialist message of collective responsibility for one another. The Inspector serves as his voice in conveying this ideology, but the younger generation also come to embrace it. The suffering of Eva Smith highlights the powerlessness of the working classes and the need for a society that protects is most vulnerable.</p> <p>Age and the Generational Divide Priestley presents a view that there is hope for change and that it lies with the younger generation. Both Sheila and Eric change for the better, maturing and becoming more empathetic as they come to embrace the Inspector's message. They also become vocal critics of their parents' indifference to Eva's suffering.</p> <p>Class and Power Priestley highlights the immense power that business owners wielded over their workers and presents them as arrogant and lacking in empathy. He demonstrates Edwardian society's preoccupation with wealth and status at the cost of the individual as a way of promoting change in post-WW2 Britain.</p> <p>Gender At the time the play was first performed, women had just played a pivotal role in World War 2 and were empowered by the freedom work provided them. In the 1912 setting, we see Sheila's growing independence vs her mother. However, the play still highlights the awful vulnerability of women and the outdated stereotyping of them.</p>		<p>5. Key Terminology, Symbols and Devices</p> <p>Dramatic Irony When the audience is aware of something that a character is not aware of, for example Birling believing war won't happen.</p> <p>Plot Twist When a story suddenly departs from its expected path and something very unexpected happens. The final phone call.</p> <p>Cliffhanger Each act ends on a particularly dramatic, revealing moment that creates a sense of tension and anticipation.</p> <p>Stage Directions When the playwright instructs actors/director to perform in a particular way. Priestley's are unusually detailed.</p> <p>Entrances/Exits Characters frequently leave or enter the stage at dramatic moments. Some characters miss important events.</p> <p>Lighting Priestley uses stage directions to indicate how the stage should be lit. Changes to 'brighter and harder' for Inspector.</p> <p>Props Physical objects used in the play. The photograph plays a key role in identifying Eva. The doorbell interrupts Birling.</p> <p>Contrast and Juxtaposition Deliberately placing two very different things along side one another to draw comparisons e.g. Birling and the Inspector.</p>	
<p>Social and Moral Responsibility – Attitudes towards social and moral responsibility changed rapidly in the time between when the play was set (1912) and the time the play was written (1945). In 1912 the general attitude of those with social status and wealth was towards looking after one's own. By the mid-1940s however, the Labour party under Attlee won a landslide election reflecting a wave of enthusiasm towards communal responsibility for everyone in society.</p>			<p>The Titanic – RMS Titanic was a British passenger liner that sank in the North Atlantic ocean in the morning hours of 15th April 1912, killing around 1500. The Titanic was designed to be the pinnacle of both safety and comfort, and due to its enormous size and quality was frequently labeled 'unsinkable'. In <i>An Inspector Calls</i> Birling claims this, thus immediately losing the respect of the audience. It can serve as a symbol of the hubris and arrogance of man.</p>			
<p>FORM – The play fits into three possible forms:</p>						
<p>Well-Made Play</p> <ul style="list-style-type: none"> A popular type of drama from the 19th century The events build to a climax Primarily concerned with events that happened before the play Plot is intricate and complex 	<p>Morality Play</p> <ul style="list-style-type: none"> Most popular during 15th and 16th centuries They taught the audience lessons that focused on the seven deadly sins Characters who committed those sins were punished 	<p>Crime Thriller</p> <ul style="list-style-type: none"> Involves a gripping tale based around a crime The audience receives clues and must guess what has happened before the end All is revealed by the climax 				

An Inspector Calls grammar

The Big Ideas	Notes	The Methods	Notes
<p>Priestley promotes a socialist ideology in which he argues for collective social responsibility.</p>		<p>1. Priestley uses contrasts in character, setting and language to emphasise the different conflicts at work in society.</p>	
<p>Priestley suggests that change is possible, and that hope lies with the younger generation.</p>		<p>2. Priestley uses the characterisation of the Inspector and the family as a means of highlighting his view of different groups in society.</p>	
<p>Priestley challenges existing social hierarchies of class and gender.</p>		<p>3. Priestley uses entrances, exits, beginnings and endings as a means of building and maintaining dramatic tension.</p>	

Science T3 Y11 B5.17 Grammar – Organising an ecosystem

Predator-Prey Relationships

Population increases and decreases follow similar pattern in a cycle because they affect each other – more prey = more food for predator.

However predator and prey not 'in phase', e.g. predator population changes are delayed as it takes time for the predator population to grow.

The Carbon Cycle

The Water Cycle

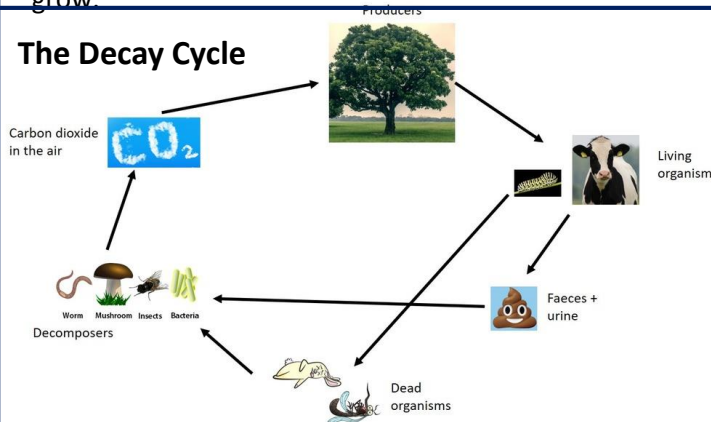

RP10 – Investigate the effect of temperature on the rate of decay of fresh milk.

Factors that affect the rate of decay are temperature, oxygen availability, moisture levels.

Independent variable: temperature
Dependent variable – pH of milk
Control variables – Oxygen availability, moisture level.

As milk decays it forms lactic acid, which lowers the pH.

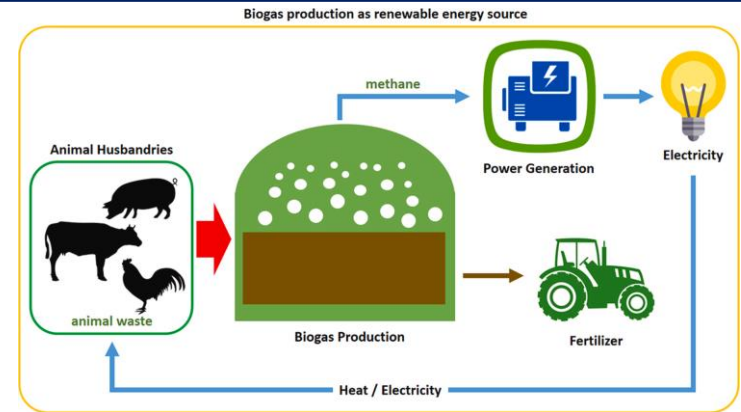

The Decay Cycle

Microbes such as fungi and bacteria break down dead or dying material. This returns carbon to the atmosphere as carbon dioxide and mineral ions to the soil.

Anaerobic Decay

Anaerobic decay produces methane. This process is used in biogas generators to produce methane gas as a fuel.

Science T3 Y11 B5.17 Grammar – Organising an ecosystem

1. Sketch the line to show how the predator population would change on the graph below

1. Which process takes carbon into plants?
2. What do plants make with the carbon (and water)
3. Name 2 process that releases carbon into the atmosphere as carbon dioxide.
4. What happens to carbon that gets trapped deep underground for millions of years?

1. What are the main stages in the water cycle?

1. Which types of microbes cause decay?
1. What can decay release into the environment?

1. What factors affect the rate of decay?
2. What are the variables in an investigation into the effect of temperature on the rate of decay of fresh milk.

1. What is produced during anaerobic decay?
2. What does a biogas generator do?

Science T3 Y11 P4.16 Grammar Space

Orbit - the curved path taken by a moving body around another larger (more massive) body, due to mutual gravitational attraction.

8 Celestial bodies (in order of decreasing size)

- Universe** - The entire cosmos and everything within it; all of space and time
 - Galaxy** - Billions of stars, gravitationally bound, e.g. the Milky Way
 - Nebula** - Cloud of gas and dust from which stars and planets are formed
 - Solar System** - A star and all local bodies in orbit around it
 - Star** - Large mass of mainly hydrogen, undergoing nuclear fusion and emitting electromagnetic radiation
 - Planet** - A spherical body (rocky/gaseous) in a cleared orbit around a star
 - Dwarf Planet*** - A mostly spherical body in orbit around a star which has not cleared its orbit
 - Moon*** - A body in orbit around a planet; a natural satellite
- *in either order

- What is an orbit?
- Give the 8 celestial bodies in order of increasing size?
- What is a planet?
- What is a dwarf planet?
- What is a nebula?
- What is a galaxy?

List the regions of the electromagnetic spectrum in order of:

- increasing frequency?
- Increasing wavelength?

Nuclear Fusion

Description:

Small hydrogen nuclei join to form larger helium nuclei and a small quantity of mass is converted into energy.

Draw a labelled diagram of nuclear fusion of H into He

Description:

Stellar equilibrium

Description:

Two forces are equal in magnitude and in opposition, due to radiation pressure outwards and gravitational collapse/force/gravity inwards.

Draw a labelled diagram of stellar equilibrium

Description:

Science T3 Y11 P4.16 Grammar Space

Circular motion (eg orbits) the body is accelerating but speed is constant

Velocity – speed with direction (vector)

Acceleration - a change in velocity (ie speed or direction)

Gravity is perpendicular to direction of velocity in circular motion

The further away from the sun, the weaker the force of gravity

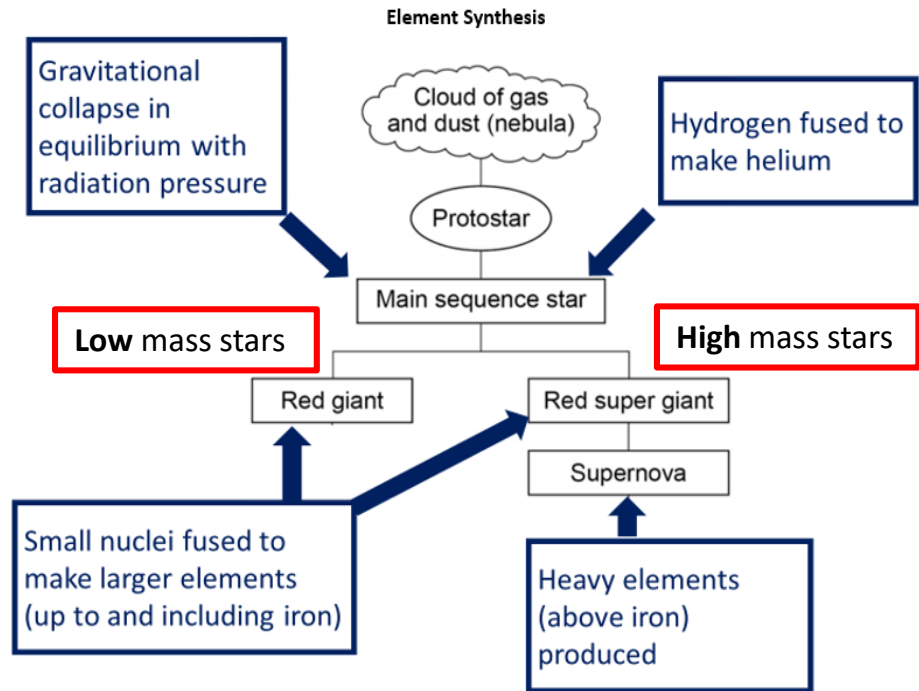

The further away from the sun, the slower the orbital speed

Life cycle of low mass stars:

Nebula → protostar → main sequence → red giant → white dwarf → black dwarf

Life cycle of high mass stars:

Nebula → protostar → main sequence → red supergiant → supernova → neutron star or black hole

1. What do we mean by circular motion?
2. Why are planets in orbit said to be accelerating?
3. Sketch a diagram of circular motion of a planet orbiting a star, label both the direction of velocity and the direction of gravitational force
4. Describe the direction of gravity in relation to the direction of velocity
5. Describe the relationship between distance from the star and orbital speed

Describe the stages of the life cycle of a:

1. **low** mass star
2. **high** mass star

In which stage of a stars life cycle does the following take place:

1. Gravitational collapse in equilibrium with radiation pressure
2. Hydrogen fused to make helium
3. Elements larger than helium (up to and including Iron) are made
4. Elements larger than Iron are made

Science T3 Y11 P4.16 Grammar Space

Short wavelength High frequency Long wavelength Low frequency

Emission spectra - unique 'bar code' pattern because every element has a different number and arrangement of electrons which emit specific wavelengths of light.

Red-shift – emission spectra shifted to the red region of the spectrum when a luminous object is moving away from the observer.

Blue-shift - emission spectra shifted to the blue region of the spectrum when a luminous object is moving towards the observer.

On Earth (stationary)

Distant galaxy

- Spectral lines are red-shifted
- Therefore the galaxy is moving away from Earth
- This is evidence the universe is expanding

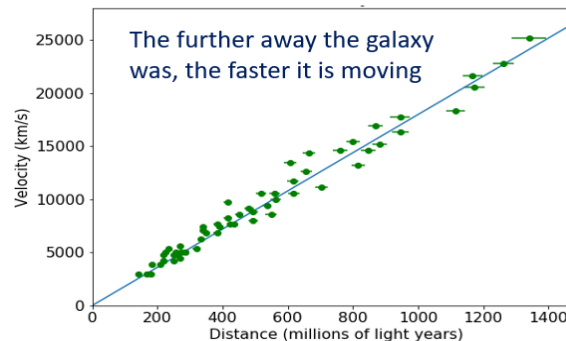

Moving away:

- longer wavelength
- red-shifted

Moving towards:

- shorter wavelength
- blue-shifted

Hubble's Law – the evidence of an expanding universe

Hubble's Law - velocity \propto distance

Big Bang - universe started very small, containing all matter & energy, therefore was hot and dense, since then, **space** has been expanding.

Dark matter and **dark energy** are two things about the universe that we don't yet understand

CMBR

- Space is expanding
- The ancient radiation's wavelength is stretched
- Red –shifted to the microwave region of EM spectrum
- This is called the **Cosmic Microwave Background Radiation (CMBR)**

Science T3 Y11 P4.16 Grammar Space

1. Which colour of visible light has the longest wavelength?
2. What is an emission spectra?
3. What do we mean by red-shift?
4. What does the red-shift of light from most galaxies tell us about the universe?

1. What does red shift tell you about an observed object **and** its wavelength?
2. What does blue-shift tell you about an observed object **and** its wavelength?

1. Sketch a graph of velocity against distance for galaxies
2. Describe the relationship shown in the graph

1. What do we mean by the Big Bang?
2. Give two things that we do not understand about the universe

1. What is the CMBR?
2. Why has the ancient radiation become microwaves?

1. Economic change in the UK

Primary	↘ due to mechanisation.
Secondary	↗ due to industrial revolution then ↘ due to de-industrialisation.
Tertiary	↗ due to wealth (↗ disposable income)
Quaternary	High-tech jobs including research and IT. ↗ due to government policies and the increase in technology.

Why has our economy changed?

De-industrialisation	The decline of a country's traditional manufacturing industry due to exhaustion of raw materials, loss of markets and competition from NEEs.
Government policies	A plan decided by a government to manage issues in a country.
Globalisation	The process which has created a more connected world; with increases in the movement of goods/people worldwide

2. Post industrial economy

Tertiary and quaternary sector employed 81% in 2011.	
IT	Employs over 60,000 people.
Services	Retail is the largest sector. Employs 4.4mill
Finance	London is the world's leading centre. HSBC
Research	Government invested £30bill in 2013.
Science parks	Groups of <u>high tech</u> industries and those doing scientific research. Located near universities (for graduates, share facilities).
Business parks	Purpose built areas of offices and warehouses (on edge of cities as less congestion, cheaper, good transport links).

3. Environmental impact of industry

Air and water pollution. Soil degradation.	
Releases CO ₂ increasing the rate of global warming.	
Transport of materials is by road ↗ air pollution.	
Example of modern industry being environmentally sustainable	
Google	London Landscaper started 2018.
686 bikes spaces	Encourages cycling to work.
4 car spaces	< congestion/CO ₂ emissions.
Solar panels.	Reduces fossil fuel consumption and reduces carbon footprint.
19,800 kWh	
Rooftop gardens	Urban greening. < CO ₂ . Collects rainwater. Encourages wildlife.

4. Changes in the rural landscape

Population decline	Outer Hebrides (away from cities, limited opportunities).
Social changes	<ul style="list-style-type: none"> ↓ Declined by >50% since 1901. ↑ aging population = care issues. ↓ Less children > schools shut.
Economic changes	<ul style="list-style-type: none"> ⊖ Services close ie post offices. ⊖ ↑ tourists but infrastructure not there. ⊖ Government subsidies cost of ferries.
Population growth	South Cambridgeshire (near large cities, people can commute).
Social changes	<ul style="list-style-type: none"> ↓ Migrants from Cambridge, some now from Eastern Europe too. ↓ Proportion of elderly increasing (>65). ↓ 80% car ownership = > congestion. ↓ Young people are costed out.
Economic changes	<ul style="list-style-type: none"> ⊖ ↑ house prices. Less affordable housing ⊖ Petrol prices ↑.

5. Improvements in infrastructure

Road	Upgrading 'Smart motorways' M4. Variable speeds, reducing accidents, extra lanes. 2014 Road investment strategy £15 bill. New construction jobs, boost economy.
Rail	Crossrail in London. Puts extra 1.5 million within 45 mins commute of capital city. HS2 to reduce journey times. London to Manchester in 1 hr 8 minutes.
Port	Liverpool 2. Doubles capacity to over 1.5 million containers a year. 96% of UK imports/exports through ports.
Airports	Heathrow expansion. 3 rd runway £18.6bill

6.. North-South divide

Causes	Decline of heavy industry in North (coal) Investment in finance and service industry in the South Investment in infrastructure in South
Impacts in north	Higher unemployment / lower wages (40%) Poor health, lower life expectancy (10 yrs) Poor education. There are SOME exceptions

Strategies attempting to resolve regional differences

Devolving more powers	Give more power to local councils and Welsh and Scottish governments. Plan best how to use their money.
Northern Powerhouse	A plan to attract investment to north. Improve transport links to northern cities. e.g. HS2, Liverpool2. BUT just a CONCEPT not a plan.
Enterprise Zones	55 EZs to encourage businesses to set up in areas of high unemployment. Reduce taxes, simple planning rules, superfast broadband to the area. Created more than 15,000 jobs.

1. Economic change in the UK

Primary	
Secondary	
Tertiary	
Quaternary	

Why has our economy changed?

3. The Spanish Empire 1528-1555

Pizarro – First Expedition

Pizarro was with Balboa when they reached the Pacific. Pizarro was impressed by Cortes and his success in Mexico. Tales of vast wealth in Peru encouraged Pizarro to find his own success.

November 1524 – First expedition

Not a success. Only reached Columbia before bad weather, lack of food and attacks by hostile natives forced Pizarro to turn back. The mangrove swamps put off any idea of establishing a settlement too.

Impact of Gold and Silver on Spain

Used to make 8 sided coins – ‘pieces of eight’. Widely accepted in Europe due to high silver content.

The Crown took 25% of bullion coming into Spain .

75% of wealth went to Spanish merchants and conquistadors.

European traders put up prices for the wealthy Spanish merchants.

High prices led to inflation – workers demanded higher wages in Spain.

Charles I invested money in the military – not industry and business.

Spanish were getting wealthy by finding bullion instead of making products and selling.

Pizarro's appeal to the Spanish King Charles I

In 1528 Pizarro returned to Spain with evidence of Inca wealth, including llamas, silver and gold. Having been refused permission to launch a third expedition by the governor of Panama, he appealed to Charles I. Pizarro received a licence, the Capitulacion de Toledo, in July 1529, authorising him to conquer Peru.

Governing the Empire

The Spanish needed to find a way to govern the discovered territories to restore peace and stability. They needed to make sure basic essentials were available, laws were in place, conquistadors didn't fight among themselves and ensure daily life was managed effectively.

Bartolome de las Casas – was a priest that tried to encourage the fair treatment of natives in the New World. 1527 he wrote a book 'A Short Account of the Destruction of the Indies'.

The New Laws:

- It was made illegal to enslave natives.
- The amount of tribute that could be collected was limited.
- Encomiendas had to be passed back to the Spanish government on the death of the encomendero.

The role of the Viceroy:

The Council of the Indies appointed two viceroys to govern Spanish territories: one in Mexico city and one in Lima (Peru). They acted on behalf of the government. Justice was managed through the audiencias (courts), with judges who were independent of the viceroys.

The role of the encomienda system:

This was imposed officially across the Spanish Empire. An encomienda was land granted to a Spaniard, who was then called an encomendero. He could demand tribute from natives. In return he was responsible for their protection and their conversion to Christianity.

Significance of the New Laws 1542:

Laws introduced to improve the rights of native people, but encomenderos opposed them and the viceroy of Peru refused to implement them. Revolts in Peru: the most serious in 1544 had to be put down by the Spanish government and led to a temporary halt in the Spanish conquest of the New World in 1550. Although forced to suspend the laws, Charles I insisted encomiendas be passed back to the crown on the death of an encomendero. Natives continued to be exploited in the New World.

Date	Event
Dec 1518	Smallpox epidemic in Haiti.
Sept 1520	First cases of smallpox in Mexico
1525-1527	Smallpox spreads along the Caribbean coast.
1527	Smallpox reaches Peru. Huayna Capac dies from smallpox after returning to help his people.
1529	Civil War breaks out between Huascar and Atahualpa (Huayna Capac's son).
April 1532	Huascar is captured and killed. Atahualpa takes over Cuzco.
Nov 1532	The Battle of Cajamarca – Pizarro's men hid in the town square of Cajamarca. When Atahualpa's men entered the town they met with a priest who showed them a bible. Atahualpa threw the bible on the floor which was the signal needed for Pizarro's men to attack and they took Atahualpa prisoner.
July 1533	Atahualpa promised to fill his prison with treasure in order to secure his release. Although he did this, the Spanish still sentenced him to death. On 26 th July he was garrotted.
1533	Manco made puppet ruler of the Inca Empire.

Revolt of the Incas 1536

The Spanish saw Manco as a puppet king who would rule on their behalf. When Manco escaped from the Spanish he assembled an army and attacked the base at Cuzco.

The Siege of Cuzco 1536-1537

-10,000 Inca warriors faced 150 Spanish and 1000 native allies.
 -The Inca warriors broke into town, burning buildings to try to drive out the Spanish, but the Spanish were able to put the fires out.
 -The Spanish used their cavalry to attack the Inca warriors.
 -The Spanish captured the fortress of Sacsahuaman from the Incas, which the Inca army then besieged.
 -The siege ended when Spanish forces exploring Chile returned.
 -Manco withdrew and established a separate kingdom which lasted until 1572.

Founding of La Paz, 1548

La Paz was founded to symbolise the end of the revolt and to demonstrate that Spain had the overall authority in the New World, not the conquistadors. It became the administrative centre of the Spanish Empire. The Viceroy and the audiencias (courts) were based here. It was founded close to trade routes to ensure it maintained control over the silver mines based in Potosi and Oruro.

Discovery of silver in Bolivia and Mexico

By 1550 silver had been discovered in Potosi (Bolivia) and in Guanajuato and Zacatecas (Mexico). Some was sent back to Spain but most was kept by the conquistadors. Large mining towns developed to house workers for the mines. Colonisation of the New World increased as adventurers, merchants, speculators and their employees came in search of wealth. 25% of silver shipped to Spain went straight into the treasury.

Conquistador Revolt in Peru 1544

A serious revolt took place as the encomenderos were unhappy with the New Laws. This revolt was led by Gonzalo Pizarro, brother of Francisco Pizarro. It was a success and Gonzalo ruled over the Inca territory for 2 years. The arrival of a Spanish army resulted in his execution and the restoration of Spanish authority. The revolt raised the issue of control. Spain needed to govern its territories and control the rebellious conquistadors and encomenderos. This led to the founding of La Paz in 1548.

Pirates and Privateers

Spanish treasure was a target for Pirates and Privateers (funded by government/monarchy).

The ships were easy to find as they took well-defined and predictable routes across the Atlantic.

War with France (1542-46) meant Spain had to adapt ships and develop systems to deal with French privateers.

Galleons patrolled the sea routes and started carrying treasure as they were well armed.

Treasure fleet system developed: the **Tierra Firme** (went to S. America) and the **New Spain** (went to Mexico).

Growth of Seville

All goods imported to Europe had to go through Seville. Merchants travelled from all over Europe to buy and sell goods. This gave Spain a monopoly over trade with the New World.

The Slave Trade

Due to the number of deaths of natives in the New World, there was a labour shortage. Under the Treaty of Tordesillas, Spain could not directly get slaves from W. Africa. Spanish merchants could get licences (asientos) to supply slaves to the New World. Licences sold to the highest bidder who could then buy from Portuguese merchants and sell to merchants in the New World.

Casa de Contratacion (House of Trade)

Established in 1503 by Isabella. Collected colonial taxes. Approved voyages of exploration and trade and kept secret information on new lands and trade routes. Licenced captains of ships. In theory, no Spaniard could sail anywhere without the approval of the Casa.

Council of the Indies

Formed in 1524 and based in Spain. Controlled all matters concerning the New World. Messages received from Viceroys would be discussed and advice given to the King. Decisions made were sent from the Council to the Viceroys. This was Spain's way of trying to maintain control over its empire in the New World.

What we are learning this term:	
A.	Christian beliefs about forgiveness
B.	Why do people commit crime?
C.	Aims of punishment
D.	Types of punishment

A.	Can you define these key words?
----	---------------------------------

Key word	Key definition
----------	----------------

Atone	Make amends
-------	-------------

Reconciliation	The restoration of relationships.
----------------	-----------------------------------

Reformation	To change someone's behaviour for better.
-------------	---

Retribution	To get your own back.
-------------	-----------------------

Deterrence	To put people off committing crimes.
------------	--------------------------------------

Execution	The carrying out of a sentence of death
-----------	---

Corporal punishment	Punishment of an offender by causing him physical pain.
---------------------	---

Forgiveness	To let go of anger and bitterness and to not hold a grudge against someone who has wronged you
-------------	--

Justice	Fair treatment.
---------	-----------------

B.	Christian beliefs about forgiveness
1	Parable of the forgiving father- Christians believe that God loves us like a father loves his son and will forgive all of our sins if we are truly sorry, therefore we should always forgive.
2	Parable of The Adulterers Woman- It is only the Lord who can judge us. God does not forgive evil but the individual as we have a possibility of changing.
3	Christians should forgive people no matter what they have done and no matter how many times. This is because in bible it said that Jesus said, "to forgive 7x70", referring to all the years Hebrews spend in slavery in Egypt, they should still forgive them for it.
4	Matthew 6:15- "But if you do not forgive others their trespasses, neither will your Father forgive your trespasses." this means that Christians will always forgive others because otherwise they will not be forgiven by God.
5	Reconciliation- restoration of friendship or relationship. Christians need to be reconciled with God so that they could be reunited with Him in heaven. Jesus died on the cross to allow the reconciliation to happen.

D.	Why do people commit crime?
----	-----------------------------

Poverty	If you have no money for the basics you may be driven to crime such as theft out of necessity. Other times, poverty leads to frustration against rich institutions who don't pay tax and may cause crime such as shop lifting.
---------	--

Upbringing	May cause crime as a person may see it as normal to commit certain acts and may never have been taught right from wrong. They may have grown up in areas with gangs and a culture of criminal behaviour, where it is celebrated and respected rather than scorned.
------------	--

Mental Illness	Mental illness such as schizophrenia could cause you to be violent if the voices tell you to, and your normal rational self is overridden
----------------	---

Addiction	Addiction to substances can be so overwhelming they impair usual inhibitions and cause you to do things you wouldn't usually do. People can steal to fund addictions.
-----------	---

Greed	Some people are just greedy and want more wealth with less effort.
-------	--

Hate	Some are angry towards others as they are prejudiced and this causes the potential for violent crime.
------	---

Opposition to unjust law	Some crimes are done in protest to unfair laws. For example, it may have been a crime for women to go to school, but that didn't stop Malala. Sometimes violent protest can happen in response to injustice. Eg the riots in South Africa against apartheid.
--------------------------	--

C.	Aims of punishment
1. Retribution	A punishment done with the intention to punish and cause the offender to pay for their wrongdoing. It also means the aim is about justice for the victims and intends to cause the criminal the same pain or inconvenience that their crime caused someone else.
2. Deterrence	Punishment done with the aim to put the criminal off reoffending. The punishment is devised to be so off-putting the would-be criminal would hopefully not want to risk doing the crime. This could include severe punishments like life imprisonment or the death penalty.
3. Reformation	Punishment done with the intention of changing the criminal into a better person who then goes on to lead a life free of crime.
4. Protection	A punishment done in order to protect society from the criminal, as they are considered dangerous. This might include prison, where they are locked away from society.

E.	Types of punishment
----	---------------------

1. Prison	A punishment that takes away someone's freedom and keeps them locked up in jail. There are many different sentence lengths and it can vary hugely internationally. For example, in the UK, murderers spend an average of 17 years in prison for their crime, but could be released earlier than this. In some states in the USA life actually means life and the offender will die in prison.
------------------	---

2. Community service	Unpaid work, intended to be of social use, that an offender is required to do instead of going to prison. For example, picking up rubbish in a park, painting buildings, painting street poles and lights, cleaning areas.
-----------------------------	--

3. Corporal punishment	Punishment that uses pain. For example, flogging (with a whip or cane), amputation eg chopping off a hand for theft or branding. This punishment remains in parts of Africa, the middle East, Asia and South America.
-------------------------------	---

4. Death penalty	When a government/ state takes the life of a criminal as a punishment for their crime. Usually reserved for serious crimes such as murder. However, you can be executed in Saudi Arabia for sexual relations between adults of the same sex, rejecting the prophet or committing adultery.
-------------------------	--

Year 11 RE Christianity quotes Crime and punishment	
<p>Leviticus 24:19-20 Moses taught: "If anyone injures his neighbour, whatever he has done must be done to him: fracture for fracture, eye for an eye, tooth for tooth. As he has injured, so he is to be injured".</p>	<p>We all need forgiveness, which Jesus showed when he met a crowd that wanted to stone a woman to death for adultery. If any one of you is without sin, let him be the first to throw a stone at her.</p> <p>John 8:7</p>
<p>Christians are told to respect the authority of the state, which means keeping to the law and accepting the punishments.</p> <p>"Obey the government, for God is the one who put it there. All governments have been placed in power by God."</p> <p>Romans 13:1</p>	<p>Hebrews In the same way, he sprinkled with blood the tabernacle and all the vessels used in worship. According to the Law, in fact, nearly everything must be purified with blood, and without the shedding of blood there is no forgiveness.</p>
<p>Genesis 9:5-6 From his fellow man I will require a reckoning for the life of man. "Whoever sheds the blood of man, by man shall his blood be shed, for God made man in his own image."</p>	<p>Matthew 5:38-39 "You have heard that it was said, 'An eye for an eye and a tooth for a tooth.' But I say to you, Do not resist the one who is evil. But if anyone slaps you on the right cheek, turn to him the other also.</p>
<p>Whatever measure you deal out to others will be dealt back to you.</p> <p>Matthew 7:2</p>	<p>Ephesians 4:32 Be kind to one another, tender hearted, forgiving one another, as God in Christ forgave you.</p>

Year 11 RE Christianity quotes Crime and punishment	
<p>Luke 6:27 "But I say to you who hear, Love your enemies, pray for those who persecute you,</p>	<p>Luke 6:37 "Judge not, and you will not be judged; condemn not, and you will not be condemned; forgive, and you will be forgiven;</p>
<p>Romans 3:23 For all have sinned and fall short of the glory of God</p>	<p>Ecclesiastes 7:20 Surely there is not a righteous man on earth who does good and never sins.</p>
<p>Exodus 22:3 But if the sun has risen on him, there shall be bloodguilt for him. He shall surely pay. If he has nothing, then he shall be sold for his theft.</p>	<p>Romans 12:19 Beloved, never avenge yourselves, but leave it to the wrath of God, for it is written, "Vengeance is mine, I will repay, says the Lord."</p>
<p>' We glory in our sufferings... for they build character' Romans/ new testament</p>	<p>'all sins are equal' new testament</p>
<p>Matthew 6:15 But if you do not forgive others their trespasses, neither will your Father forgive your trespasses</p>	<p>Matthew 18:21-22 Then Peter came up and said to him, "Lord, how often will my brother sin against me, and I forgive him? As many as seven times?" Jesus said to him, "I do not say to you seven times, but seventy times seven.</p>

Topic Me my family and friends

What we are learning this term:	
A. Talking about your family	
B. Describing your family and friends	
C. Explaining family relationships	
D. Describing relationships	
E. Describing future plans	
F. Translation practice	
6 Key Words for this term	
1. Me llevo bien	4. El año próximo
2. No soporto	5. Por otro lado
3. discuto	6. Voy a...

1.1F Hablando de los amigos	
a menudo	often
alegrarse de	to be happy about
comprensivo/a	understanding
conocer	to know a person
el consejo	advice
la cosa	thing
cuidar	to look after
la discusión	argument
divertido/a	good fun
egoísta	selfish
el equipo	team
escribir	to write
fastidiar	to annoy, to bother
fuerte	strong
hablador/a	talkative
honrado/a	honest
maduro/a	mature
mismo/a	same
peligroso/a	dangerous
reirse	to laugh
seguro/a	certain, sure
el sentido del humor	sense of humour
travieso/a	naughty
triste	sad
el verano	summer
la vida	life

1.1G ¿Cómo es tu familia?	
1.1G ¿Cómo es tu familia?	
El/la abuelo/a	grandfather/grandmother
los abuelos	grandparents
alegre	happy
alto/a	tall
amable	kind
anciano/a	old
la barba	beard
calvo/a	bald
cariñoso/a	affectionate, tender
casi nearly,	almost
castaño/a	brown hair colour
corto/a	short
delgado/a	thin
las gafas	glasses
gracioso/a	funny
guapo/a	good looking, handsome
El/la hermano/a	brother/sister
El/la hijo/a	son/daughter
joven	young
largo/a	long
liso/a	straight
la madrastra	stepmother
los ojos	eyes
el padrastro	stepfather
las pecas	freckles
pelirrojo/a	red-haired
el pelo	hair
rizado/a	curly
la tía	aunt
el tío	uncle
viejo/a	old
sensible	sensitive

1.1H Relaciones con la familia	
abierto/a	open
aconsejar	to advise
actualmente	nowadays
aguantar	to bear, to put up with
arreglar	to tidy
la barrera generacional	generation gap
el cariño	affection
celoso/a	jealous
la culpa	blame, fault
los demás	others
harto/a	fed up
el hogar	home
hoy en día	nowadays
incluso	even
injustamente	unfairly
juntos	together
la libertad	freedom
manera	way
molestar	to bother
oír hablar de	to hear about
olvidar	to forget
orgullosa/a	proud

Key Verbs				
Llevarse to get on	Ir To go	Soportar To stand	Hacer – to do/make	Discutir to argue
Me llevo I get on	Voy I go	Soporto I can stand	Hago I do	Discuto I argue
Te llevas You (s) get on	Vas You go	Soportas You can stand	Haces You do	Discutes You argue
Se lleva He/se gets on	Va s/he goes	Soporta He/she can stand	Hace s/he does	Discute He/she argues
Nos llevamos They get on	Vamos They go	Soportamos W can stand	Hacemos We do	Discutios We argue
Se llevan They get on	Van They go	Soportan They can stand	Hacen They do	Discuten They argue

1.1H Relaciones con la familia	
parecido/a	similar
la pelea	fight
perezoso/a	lazy
provocar	to cause
el sobrino / la sobrina	nephew, niece
tender a	to tend to
todavía	still
tratar	to treat
triste	sad

1.2F Planes para el futuro	
así que	so, therefore
la boda	wedding
buscar	to look for
cambiar	to change
el casamiento	wedding
casarse	to get married
el compañero/a	colleague, friend
decepcionado/a	disappointed
encontrar	to find
la felicidad	happiness
la fiesta	party, festival
por eso	therefore
próximo/a	next
el sitio	place
solo/a	alone, only
soltero/a	single
tener suerte	to be lucky
las vacaciones	holidays
ya no	no longer

1.2G Hablando de parejas	
el beso	kiss
cada vez más	more and more
cocinar	to cook
comprar	to buy
echar de menos	to miss someone
enamorado/a	in love
los familiares	relatives
feliz	happy
la gente	people
el invitado/a	guest
maleducado/a	rude
el marido	husband
el matrimonio	marriage
la mujer	wife, woman
la novia	girlfriend, fiancée
el novio	boyfriend, fiancé
parecer	to seem
la pareja	partner
los parientes	relatives
pelear(se)	to fight
el piso	flat, apartment
serio/a	serious, responsible
sonreír	to smile

1.2H Las relaciones de hoy en día	
ahora	now
alguien	someone
cara a cara	face to face
distinto/a	different
en contra	against
en primer lugar	in the first place,
la edad	age
estar de acuerdo	to agree
el/la jubilado/a	retired person,
pagar	to pay
la pareja	partner
la piel	skin
por otro lado	on the other hand

What we are learning this term:	
A. Saying how you keep in touch via the internet B. Picking out key words when reading C. Giving opinions about online messaging D. Talking about using a mobile E. Give opinions about mobile technology	
6 Key Words for this term	
1. chateo	4. sala de chat
2. redes sociales	5. descargar
3. en línea	6. subir

2.1F ¿Cómo prefieres mantenerte en contacto?	
comunicarse	to communicate
desafortunadamente	unfortunately
empezar	to start
escoger	to choose
genial	brilliant / great
gratis	free of charge
el hecho	fact
el inconveniente	disadvantage
interactivo/a	interactive
el jefe / la jefa	boss
la letra	letter of the alphabet
mandar	to send
los medios sociales	social media
el móvil	mobile phone
ofrecer	to offer
el ordenador	computer
la pantalla	screen
poder	to be able to
por desgracia	unfortunately
por mi parte	as far as I'm concerned
la revista digital	digital magazine
sencillo/a	simple
tampoco	neither / nor

Descargar To download	Subir To upload	Mandar To send	Hacer – to do/make	Chatear To chat
Descargo I download	Subo I upload	Mando I send	Hago I do	Chateo I chat
Descargas You download	Subes You upload	Mandas You send	Haces You do	Chateas You chat
descarga He/she download	sube He/she uploads	Manda He/she sends	Hace s/he does	Chatea He/she chats
Descargamos We download	Subimos We upload	Mandamos We send	Hacemos We do	Chateamos We chat
Descargan They download	suben They upload	Mandan They send	Hacen They do	Chatean They chat

2.1G Comunicarse por internet	
a veces	sometimes
allí	there
chatear	to chat online
colgar fotos	to post photos
el correo electrónico	email
demasiado/a	too much
hablar	to speak / talk
increíble	incredible
justo/a	fair
el país	country
un poco	a little
propio/a	own
la razón	reason
la red	internet / network
la red social	social network
la sala de chat	chat room
la salida	outing
todos los días	every day
usar	to use
utilizar	to use
la vez	time

2.2G ¡El móvil para todo!	
aunque	although
dar	to give
dar las gracias	to thank
enviar	to send
el juego	game
lento/a	slow
el mensaje de texto	text message
el móvil	mobile phone
navegar la red	to surf the internet
la norma	rule
prohibido	forbidden
el regalo	present, gift
la regla	rule
ridículo/a	ridiculous
roto/a	broken
único/a	only

2.2F La tecnología portátil	
andar	to walk
archivo	file
borrar	to delete, erase
la canción	song
cargar	to load
contestar	to answer
el correo basura	spam, junk mail
cualquier	any
de vez en cuando	from time to time
el disco duro	hard drive
el espacio	space
igual	same
el ordenador portátil	laptop
sacar fotos	to take photos
sentir	to feel
la tableta	tablet
la tecnología	technology

2.1H Las redes sociales	
a mi juicio	in my opinion
acosar	to bully
el acoso	bullying
apasionar	to excite
aun	even
bajo	low
compartir	to share
el comportamiento	behaviour
el desarrollo	development
la desventaja	disadvantage
divertirse	to have a good time
gratuito/a	free of charge
mejorar	to improve
el riesgo	risk
el/la seguidor/a	follower
tener éxito	to be successful
el/la usuario/a	user

2.2H ¿Podrías vivir sin el móvil y la tableta?	
raras veces	rarely
la sala de chat	chat room
la señal	signal
la tarjeta de crédito	credit card
todo lo contrario	the exact opposite

2.2H ¿Podrías vivir sin el móvil y la tableta?	
la conexión inalámbrica	wireless connection
chatear	to chat online
correr	to run
darse cuenta de	to realise
en vez de	instead of
las felicidades	best wishes,
congratulations	
felicitar	to send best wishes/to
congratulate	
hasta	until
imprescindible	essential
preocupar	to worry

What we are learning this term:

A. Talking about free time
 B. Talking about your plans for the weekend
 C. Talking about eating out
 D. Talking about special occasion meals
 E. Extending what you can say about sport
 F. Talking about sport in the world

3.1F ¿Qué haces en tu tiempo libre?

a veces	sometimes
bastante	quite
cada	each, every
cenar	to have an evening meal
charlar	to chat
el coro	choir
descansar	to rest
los dibujos animados	cartoons
el documental	documentary
el fin de semana	weekend
genial	great
las noticias	news
nunca	never
ocupado/a	occupied, busy
policíaco/a	police, detective, crime (adj.)
poner	to put
por lo general	in general
siempre	always
el teatro	theatre
la telenovela	soap opera
terminar	to finish
el tiempo	time
todo/a/os/as	all, every
tonto/a	silly, stupid
la vez	time, occasion

Salir To go out	Ir To go	Jugar To play	Hacer – to do/make	Tocar To play (ins)
Salgo I go out	Voy I go	Juego I play	Hago I do	Toco I play
Sales You go out	Vas You go	Juegas You play	Haces You do	Tocas You play
Sale He/she goes out	Va s/he goes	Juega He/she plays	Hace s/he does	Toca He/she plays
Salimos We go out	Vamos They go	Jugamos We play	Hacemos We do	Tocamos We play
Salen They go out	Van They go	Juegan They play	Hacen They do	Tocan They play

6 Key Words for this term

1. disfrutar	4. campeones
2. jugar	5. formentar
3. los deportes	6. a selección

3.1G ¿Qué te gusta hacer?

aburrido/a	boring
bailar	to dance
cantar	to sing
el cine	cinema
de vez en cuando	from time to time, occasionally
entretenido/a	entertaining
estimulante	challenging
jugar	to play (game, sport)
leer	to read
libre	free
odiar	to hate
la película	film
practicar	to practise
salir	to go out
la tarde	afternoon, evening
el teclado	keyboard
tocar	to touch, to play(an instrument)
ver	to see, watch

3.2G Comer y Beber

el (fem.) agua (mineral)	(mineral) water
beber	to drink
el bocadillo	sandwich
la carne	meat
la cena	evening meal
cenar	to have supper / to have an evening meal
comer	to eat
la comida	lunch, food, meal
desayunar	to have breakfast
el desayuno	breakfast
después	afterwards
el helado	ice cream
el huevo	egg
el jamón	ham
la leche	milk
las legumbres	pulses
la mantequilla	butter
la manzana	apple
la mermelada	jam, marmalade
las patatas fritas	chips, fries

3.2G Comer y Beber

el perrito caliente	hot dog
el pescado	fish
el pollo	chicken
el postre	dessert, pudding
el queso	cheese
la sopa	soup
el té	tea
tomar	to take, to have (food, drink)
la tortilla	omelette
la tostada	toast
el vaso	glass
las verduras	vegetables

3.1H Hablando del tiempo libre y de los planes

aburrido/a	boring
agradable	pleasant
al aire libre	in the open air, outdoors
la batería	drums
la canción	song
dar un paseo	to go for a walk
de vez en cuando	from time to time, occasionally
desafiante	challenging
divertido/a	fun
emocionante	exciting

3.3G ¿Haces deporte?

activo/a	active
al aire libre	in the open air, outdoors
ayudar	to help
el baloncesto	basketball
el campo	countryside, playing field
la cancha	court
los deberes	homework
la equitación	horse riding
el estadio	stadium
montar a caballo	to ride a horse
montar en bicicleta	to ride a bike

3.2F Vamos a comer fuera

el atún	tuna
el bacalao	cod
la barra	loaf
el bistec	steak
los calamares	squid
la cebolla	onion
el cerdo	pork
la cerveza	beer
los champiñones	mushrooms
el chorizo	chorizo
la chuleta	chop
el cordero	lamb
el filete	fillet
la fresa	strawberry
las gambas	prawns
el gazpacho	chilled tomato soup
los guisantes	peas
el jamón serrano	cured ham
las judías verdes	green beans

3.3F ¿Qué deportes harás?

el alpinismo	rock climbing
cansado/a	tired
la carrera	race
el concurso	competition
(contest)	
contestar	to answer
durante	during
el ejercicio	exercise
el entrenamiento	training
entrenar	to train
el equipo	team
el esquí	skiing
este, esta	this
ganar	to win
el jugador	player
mañana	tomorrow
el miembro	member
el partido	match
probar	to try, to test

What we are learning this term:

A. Learning about Spanish life and routines
 B. Learning about local customs
 C. Talking about a Spanish festival
 D. Learning about Latin American culture
 E. Skim reading for key information
 F. Using past expressions of time

4.1F Algunas costumbres regionales

la actuación	performance
agradable	pleasant
el ambiente	atmosphere
antiguo/a	old
la batalla	battle
el caballo	horse
la camisa	shirt
el concurso	competition
conmemorar	to commemorate
correr	to run
la costumbre	custom
demasiado	too much, too many
el desfile	parade, procession
el diablo	devil
divertirse	to enjoy oneself
emocionante	exciting
el encierro	bull run
encontrar	to find
enorme	enormous
entender	to understand
entrenarse	to train
el espectáculo	show, display
extraño/a	strange
fatal	awful
formar	to form
histórico	historic
humano	human
impresionante	impressive
incómodo/a	uncomfortable
llevar	to wear, take, carry
el Mediterráneo	Mediterranean
el/la moro/a	Moor (historically a person from North Africa)
nadie	no one
natural	natural
el origen	origin
pasarlo bien	to have a good time
el peligro	danger
peligroso/a	dangerous
por encima de	over
precioso/a	beautiful
el producto	product
saltar	to jump
la seguridad	safety, security
la suerte	luck
el toro	bull
la torre	tower
el traje	suit, costume
único/a	only, unique
varios/as	several
vestirse (de)	to dress (in)

Celebrar To celebrate	Ir To go	Disfrutar To enjoy	Hacer – to do/make	Disfrazar To dress up
Celebro I celebrate	Voy I go	Disfruto I enjoy	Hago I do	Disfrazo I dress up
Celebras You celebrate	Vas You go	Disfrutas You enjoy	Haces You do	Disfrazas You dress up
Celebra – he/she celebrates	Va s/he goes	Disfruta He/she enjoys	Hace s/he does	Disfraza He/she dresses up
Celebramos We celebrate	Vamos They go	Disfrutamos We enjoy	Hacemos We do	Disfrazamos We dress up
Celebran They celebrate	Van They go	Disfrutan They enjoy	Hacen They do	Disfrazan They dress up

6 Key Words for this term

1. divertirse	4. el desfile
2. hispánico	5. celebrarse
3. el turismo	6. los antepasados

4.1G La vida en familia

a media mañana	at mid-morning

Key Verbs

Acabar de To have just finished	Mejorar To improve	Maquillarse To put makeup on oneself	Hacer – to do/make	Ofrecer To offer
Acabo de I have just finished	Mejoro I improve	Me maquillo I put make up on	Hago I do	Ofrezco I offer
Acabas de You have just finished	Mejoras You improve	Te maquillas You put make up on	Haces You do	Ofreces You offer
Acaba de He/she it has just finished	Mejora He/she/ it improves	Se maquila He/she/it puts make up on	Hace s/he does	Ofrece He/she/it offers
Acabamos de We have just finished	Mejoramos We improve	Nos maquillamos We put make up on	Hacemos We do	Ofrecemos We offer
Acaban de They have just finished	Mejoran They improve	Se maquilan They put make up on	Hacen They do	Ofrecen They offer

10.1H Lo bueno y lo malo del instituto

el acoso	bullying
aguantar	to put up with
aislado/a	isolated
alegrar	to brighten up, to cheer up
aprobar	to pass an exam
el aspecto	appearance
la calefacción	heating
el castigo	punishment
el comportamiento	behaviour
la conducta	behaviour
corregir	to mark, to correct
cumplir con	to fulfil
en cuanto a	as regards
encenderse	to be turned on
enfadado/a	angry
enseñar	to teach, show
el equipo	equipment
la espalda	back
el estante	shelf
la explicación	explanation

10.1H Lo Bueno y lo malo del instituto

travieso/a	naughty, badly behaved
el trimestre	term
ya que	since, as
el fracaso	failure
golpear	to hit
hace falta	it is necessary
incómodo/a	uncomfortable
la intimidación	bullying
la pizarra	digital smartboard
mejorar	to improve
molestar	to disturb, to annoy
el ocio	leisure
la pared	wall
recordar	to remember
el repaso	revision
sucio/a	dirty
tardar	to take time, to delay

GCSE Unit 11 SPANISH Knowledge organiser.
Topic Education Post - 16

What we are learning this term:	
A. Talking about options at 16 B. Discussing choices at 18: work or university? C. Talking about different jobs D. Looking for and applying for jobs E. Using a variety of tenses F. Using 'quisiera'	
6 Key Words for this term	
1. porcentaje	4. la empresa
2. por ciento	5. el/la jefe/a
3. la ama de casa	6. cuidar a

11.1G ¿Qué voy a hacer?

a tiempo completo	full time
a tiempo parcial	part time
el/la alumno/a	pupil
aprender	to learn
el aprendizaje	apprenticeship
aprobar	to pass
la asignatura	subject
avanzado/a	advanced
el beneficio	benefit
buscar	to look for
la carrera (universitaria),(university) course, career	carrera profesional
conseguir	to get, to manage, to achieve
el consejo	advice
continuar	to continue
dejar	to leave
el dinero	money
encontrar	to find
esperar	to wait for, to hope, expect
los estudios	studies
el examen	exam
la experiencia	experience
la experiencia laboral	work experience
feo/a	ugly
la informática	information technology, IT
mejor	better, best
mientras	while
la nota	grade, mark, result
la opción	option
la oportunidad	opportunity
quedar	to stay
el resultado	result
sacar buenas / malasto	get good / to get bad
grades	
notas	
seguir + gerund	to carry on ...ing

11.1F ¿Trabajar o estudiar?

considerar	to consider
demonstrar	to show, demonstrate
la desventaja	disadvantage
estar harto/a de	to be fed up with
estar obsesionado/a con	to be obsessed with
furioso/a	furious
ganar	to earn, to win, to gain
la habilidad	skill, ability
horroroso/a	dreadful
imaginar	to imagine
inútil	useless
mundo	world
necesitar	to need
pedir	to ask for
peor	worse, worst
por otra parte	on the other hand
la promoción	promotion
relacionarse con	to relate to, to get on with
repasar	to revise
el repaso	revision
seguro/a	sure
la sociedad	society
todavía	still
vale la pena	it's worth it, it's worthwhile

Key Verbs				
Aprender To learn	Ir To go	Querer To want	Preparar To prepare	Dar To give
Aprendo I learn	Voy I go	Quiero I want	Preparo I prepare	Doy I give
Aprendes You learn	Vas You go	Quieres You want	Preparas You prepare	Das You give
Aprende He/she/it learns	Va s/he goes	Quiere He/she/ it wants	Prepara He/she/it prepares	Da He/she/it gives
Aprendemos We learn	Vamos They go	Queremos We want	Preparamos We prepare	Damos We give
Aprenden They learn	Van They go	Quieren They want	Preparan They prepare	Dan They give

11.1H ¿Vale la pena ir a la universidad?

a solas	on one's own
acabar de + infinitive	to have just
adecuado/a	adequate, decent
aislado/a	isolated
al final de	at the end of
apelar	to appeal
aprender	to learn
así que	so
avanzado/a	advanced
el beneficio	benefit
bien pagado/a	well paid
la calidad	quality
la carrera (universitaria)	university course, career
claro	of course
conseguir	to get, to manage, to achieve
consejo	advice
deber	to owe
devolver	to give back, to pay back
disfrutar	to enjoy
la edad	age
escoger	to choose
esperar	to wait for, to hope, to expect
estar a punto de	to be about to
la experiencia laboral	work experience
feo/a	ugly
el folleto	leaflet
el/la graduado/a	graduate
hacerse miembro	to become a member
inquietar	to worry, to concern
lejos de	far from
mejor	better, best

11.1H ¿Vale la pena ir a la universidad?

el mundo laboral	world of work
ofrecer	to offer
olvidarse	to forget
pedir prestado	to borrow
poco a poco	bit by bit
preocupar	to worry, to be concerned
recoger	to pick up, to collect
la residencia de estudiantes	student residence
el resultado	result
seguir	to follow
seguir + gerund	to carry on ...ing
tan pronto como	as soon as
el título (university)	degree
tomar un año libre	to take a year out
la ventaja	advantage

el/la jefe/jefa	boss
limpiar	to clean
la lluvia	rain
mejorar	to improve
la peluquería	hairdresser's
el/la peluquero/a	hairdresser
la perspectiva	prospect
el proyecto	project
el rincón	corner

12.1H El trabajo ideal

temporal	temporary
utilizar	to use
el viento	wind
ya que	as, since

1. Gross Profit Margin	
	Explanation
Gross profit	Gross profit is the difference between a product's selling price and what it costs the business to manufacture/purchase.
Gross profit margin	The percentage of gross profit made from the sales revenue for a product.
Gross profit margin calculation.	Gross profit margin = $\frac{\text{Gross Profit}}{\text{Sales revenue}} \times 100$

2. Net Profit Margin	
There are three main types of production:	
Type of Production	Advantages and Disadvantages
Job Production	Advantages: Highly flexible; gives the customer exactly what they want. Disadvantages: High production costs. Skills may be in short supply, making it hard for the business to grow
Batch Production	Advantages: Gain some cost advantages from producing several items at once...yet still able to offer customers the colour/size they want Disadvantages: May be limited scope for automation, making production costs far higher than with flow production. Not as flexible as job production.
Flow Production	Advantages: Can automate production fully, making it highly cost effective (which should be good for customers as well as suppliers). Many customers value consistency, and flow will provide an identical product each time. Disadvantages: Likely to be expensive to set up and inflexible to use; could be a disaster if a product life cycle proves much shorter than expected. Lacks flexibility in terms of meeting individual customer needs.

2. Procurement – Working with Suppliers	
There are five main factors at the heart of a relationship between a company and its suppliers:	
Quality	Suppliers must supply high quality products to businesses, suppliers will struggle to maintain a good relationship with a company if they are not supplying good durable products. First and fore most suppliers must supply high quality materials to businesses.
Delivery	Suppliers must deliver on time to clients, there is little point supplying at the right price and with the right product, if the product doesn't arrive on time. Failing to deliver supplies on time can bring manufacturing to a halt or leave shops with empty shelves.
Availability	Suppliers must be available and able to cope with varying orders in a timely fashion and sometimes within a short timeframe. Suppliers must be flexible and aware of the needs of their customers.
Cost	Cheaper supplies mean lower variable costs and higher profit margins. Therefore, the price charged by a supplier will be a key factor in the relationship between a firm and its suppliers. Price to highly and firms may look to alternative suppliers, price to low and firms may question the quality of merchandise. Pricing is key to the relationship between supplier and firm.
Trust	Trust is key for the relationship between firm and supplier. Most business transactions are on credit and not cash – therefore suppliers have to be able to trust that a firm will make a profit and be able to pay them back in cash.
8. Placing Strategy – Managing Quality within a Business	
Type of Quality Control	Explanation:
Quality Control	Quality control is a system of inspection to try to make sure that customers don't experience a poor-quality product or service. Such controls may include Factory Inspectors at the end of a production line checking the quality of a product
Quality Assurance	Quality Assurance describes the system put into place by a company to assure quality within the production system. Every member of staff will have responsibilities to quality assure products. Over time this should lead to quality products as people become better at their roles.
Quality Culture	Quality culture means the general attitudes and behaviours among staff within a workplace is focussed on high quality production. Quality culture describes motivated, punctual, diligent and invested employees who care about the business and strive to improve it.

9. The Sales Process

Term	Definition
Customer Engagement	The attempt to make a customer feel part of something rather than an outsider.
Customer Feedback	Comments, praise or criticisms given to the company by its customers
Post-Sales Service	Service received after the purchase is completed because something has gone wrong or as a way of promoting customer engagement
Product Knowledge	How well staff know all the features of the products and service issues surrounding the products.

9. Customer Service

Great Customer Service is pivotal to any successful business, but there is far more than that to the sales process. To succeed in sales, a business must make sure it provides:

Component of Customer Service	Term
Product Knowledge	<p>Customers expect that staff will be sufficiently well trained and well-motivated to have good knowledge of the products and services being offered. In order to ensure staff, have good product knowledge, certain things are essential:</p> <p>Good Training – if businesses provide good training to staff, then staff will be knowledgeable about products and therefore will be able to improve the customer experience</p> <p>Loyal Staff – The longer staff stay working in a job the better they become. If staff only stay three to six months, they will never develop a rich understanding of the products and services that the business provides. Well managed businesses pay fairly and treat staff with respect.</p> <p>Committed Staff – Committed and enthusiastic staff are crucial to the smooth running of any business. This is affected by the quality of recruitment, the standard of training and the overall culture that exists within the company's workforce.</p>
Speedy and Efficient Service	<p>Good customer service is designed for the customer not the company.</p> <p>Efficient service:</p> <p>Gets products to customers exactly when you want them</p> <p>Gets products to customers in good condition</p> <p>If there is anything wrong - it will be sorted out as soon as possible and considerately</p>
Customer Engagement	<p>In the world of social media, it becomes possible to try to keep customers engaged with the business on a regular basis.</p> <p>Companies engage customers in a variety of ways:</p> <p>E-Mail</p> <p>Social Media (Facebook and Instagram)</p> <p>Post</p> <p>Text</p> <p>Television/Web advertisements.</p> <p>It is vital that customers feel up to date and informed about any product innovations</p>
Responses to Customer Feedback	<p>How companies respond to customer feedback is vital, providing great customers service where people feel listened too ensures customers continue to come back and buy products from the business.</p> <p>It can cost a lot of money to persuade new customers to come advertising is expensive and it's affects are hard to judge. Building up a reputation for responding to customer feedback can travel by word of mouth and this is much cheaper.</p>

Y11 Computer Science Term 4

Law	Content	Details										
Computer Misuse Act of 1990.	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 50%;">Offence</th> <th style="width: 50%;">Penalty</th> </tr> </thead> <tbody> <tr> <td>Unauthorised access to computer material</td> <td>Up to six months in prison and/or an up to a £5,000 fine</td> </tr> <tr> <td>Unauthorised access to computer materials with intent to commit a further crime</td> <td>Up to a five-year prison sentence and/or an unlimited fine</td> </tr> <tr> <td>Unauthorised modification of data</td> <td>Up to a five-year prison sentence and/or an unlimited fine</td> </tr> <tr> <td>Making, supplying or obtaining anything which can be used in computer misuse offences</td> <td>Up to a ten-year prison sentence and/or an unlimited fine</td> </tr> </tbody> </table>	Offence	Penalty	Unauthorised access to computer material	Up to six months in prison and/or an up to a £5,000 fine	Unauthorised access to computer materials with intent to commit a further crime	Up to a five-year prison sentence and/or an unlimited fine	Unauthorised modification of data	Up to a five-year prison sentence and/or an unlimited fine	Making, supplying or obtaining anything which can be used in computer misuse offences	Up to a ten-year prison sentence and/or an unlimited fine	<p>Last updated in 2018.</p> <p>Intent has an impact on the penalty received.</p>
Offence	Penalty											
Unauthorised access to computer material	Up to six months in prison and/or an up to a £5,000 fine											
Unauthorised access to computer materials with intent to commit a further crime	Up to a five-year prison sentence and/or an unlimited fine											
Unauthorised modification of data	Up to a five-year prison sentence and/or an unlimited fine											
Making, supplying or obtaining anything which can be used in computer misuse offences	Up to a ten-year prison sentence and/or an unlimited fine											
Data Protection Act 1998.	<p>Controls how your personal information is used by organisations, businesses or the government. Under the Data Protection Act 2018, you have the right to find out what information the government and other organisations store about you. These include the right to: be informed about how your data is being used, access personal data, have incorrect data updated, have data erased, stop or restrict the processing of your data, data portability (allowing you to get and reuse your data for different services), object to how your data is processed in certain circumstances.</p>	<p>Last updated in 2018.</p>										
GDPR General Data Protection Regulation.	 <p>The infographic lists seven key principles of GDPR:</p> <ul style="list-style-type: none"> Be Transparent With Data: Implied consent is a big no-no under the GDPR. Limit Data to What You Need: No scooping up data just because you can. Limiting Kept Data: Do we need all this data? If the answer is no, delete it. Data Must be Accurate: Make sure that data is accurate and up-to-date. Limit Storage of Personal Data: Don't keep it longer than you need it. Integrity and Confidentiality: Use encryption, 2FA, and tamper-evident logging. Accountability: Keep a paper trail to demonstrate compliance. 	<p>Applies to all EU citizens and companies wishing to sell products to or have data on EU citizens.</p> <p>Has become the international standard</p>										
Investigatory Powers Bill 2016	<p>Requires companies and internet service providers to store records on emails and browsing histories. It also gives the authority for police and security services to access computers and phones to search for data.</p>	<p>Requires a warrant for police to search through or utilise the data.</p>										
Copyright, Designs and Patents Act	<p>As soon as something is created, it becomes intellectual property and is protected by copyright. In the case of software, the copyright holder can choose to sell and license it (proprietary) or give that right away (open-source).</p>	<p>Does not apply to algorithms (flowcharts/pseudocode) but real code.</p>										

Y11 Computer Science Term 4

Term	Definition
E-Waste	Electronic Waste consisting of digital products.
Planned Obsolescence	Producing goods which are designed to become rapidly obsolete and require replacement. This can be achieved by frequent changes in design, termination of the supply of spare parts and the use of non-durable materials.
Ethical Concerns	Cover two categories, ensuring public safety and the security of data.

Database Terms	Meaning
Big Data	Extremely large sets of data. Often gathered from many different sources for analysis. Used to make predictions based on the patterns identified in the data.
Data Mining	Analysing large amounts of data to predict future events and trends. With so much data available, people and companies who are able to analyse and understand it all are in high demand.
Open Data	Large sets of data which are shared freely. Often comes from organisations like the government, allowing anyone to look at and analyse their data
Data Security	Companies and organisations storing a user's personal data are legally obliged to ensure it is secure. To achieve this, encryption is commonly used in databases.
Flat-File Database	A flat-file database is a database that only has one table. Often saved as a CSV file (Comma Separated Values). It is useful because it is highly compatible between databases and other applications.
Relational Database	A database consisting of multiple tables, each of which holds data about one entity type, which are linked together through relationships.
Attributes / Fields	The characteristics of an entity, used as column headings in a table. Often different data types.
Record	A row in the table which contains the full collection of data for one entity.
Entity	An object, e.g. a person or item. They are the subject whose attributes are stored as records.
Primary Key	Unique identifier for each record. Normally just a unique number or mix of number and letters which means a record cannot be duplicated.
Foreign Key	An attribute/field used in a table which is the primary key from another table.
Normalisation	The process of analysing a database to find how redundancy can be reduced, making the database more efficient by breaking down the data into separate tables and using relationships to link them.

SELECT – Defines which fields we are looking for.
FROM – Defines which table we are looking in.
WHERE – Defines the parameters we're looking for.
ORDER BY – Defines how we're sorting our results. |

```
CREATE TABLE tblExample(  
    fieldName DATATYPE,  
    fieldName2 DATATYPE,  
    PRIMARY KEY (fieldName));
```

Example:
SELECT GameName, DeveloperID
FROM GameTable
WHERE DeveloperID = "Bethesda"
ORDER BY GameName **DESC**;

Year 11 PRODUCT DESIGN Term 4

Year 11 PRODUCT DESIGN Term 4

A. Finite Resources	
Finite resources will _____	
Coal	
Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____
Natural Gas	
Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____
Oil	
Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____
Nuclear	
Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____

B. CAD	
CAD stands for _____	
Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____

What we are learning this term:
 A. Finite Resources B. CAD
 C. Renewable D. Electronic Systems E.
 Metals & Alloys F. Surface Treatments

C. Renewable Resources

Renewable resources are _____

Wind

Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____

Solar

Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____

Tidal

Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____

Hydro Electricity

Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____

Biomass

Advantages	Disadvantages
• _____ • _____ • _____	• _____ • _____ • _____

D. Electronic Systems

Input / Sensor

Process / Control Device

Output

E. Metals & Alloys

Metals are extracted from _____

Ferrous	Non-ferrous
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

Contain iron and are magnetic, prone to rust.

Do not contain iron, not magnetic. Do not rust.

Alloys

Alloys are _____ to improve its _____ or _____.

F. Surface Treatments of Timber

Used to _____ and to _____ such as _____

Tanalisng / Pressure-treated

Preservatives can be added to _____ of the timber, protecting it from _____, _____ and _____.

Food choice_

Food choice

Food choices for a balanced diet depend on many factors, such as:

- advertising and other point of sale information;
- cost and economic considerations;
- cultural or religious practices;
- environmental and ethical considerations;
- food availability;
- food preferences;
- food provenance;
- health concerns;
- individual energy and nutrient needs;
- portion size;
- social considerations.

Consumer information

Information can help consumers make informed choices, including:

- advertising and marketing;
- media, online blogs/forums;
- packaging, nutrition and health claims;
- point of purchase information and product placement;
- recipe ideas.

Cost and economic considerations

The cost of food and money available will influence people's food choices. If money is limited, people may choose to buy more basic items. Luxury items might then be selected for special occasions.

Food prices

Food prices can and do change throughout the year and over time. This may be due to a variety of reasons, including:

- climate and weather patterns;
- crop failure;
- crop disease;
- seasonality;
- consumer demand;
- agricultural costs increase;
- fuel prices go up;
- increased use of bio fuels.

Budgeting

There are many things that we can do to spend money wisely on food.

Examples can include:

- eating the seasons;
- stocking up on food with a long shelf-life;
- taking time to plan meals and write a shopping list;
- cooking using one pot;
- making fake-aways rather than buying takeaways;
- using leftovers;
- replacing branded items with cheaper items;
- comparing prices and shop around to find the cheapest items;
- growing your own food.

Environmental and ethical considerations

Some considerations when buying food might be:

- fair trade;
- local food;
- genetically modified (GM) food;
- organic food;
- free range.

Food availability

Buying food when it is in season will often mean that the price is lower. Technology and the importation of food has allowed food to be available all year round.

Personal preferences

A number of factors can influence personal preferences, including:

- colour, size and shape of crockery and cutlery used;
- portion size;
- serving style;
- taste, aroma, texture, appearance, shape and colour of food.

Food provenance

Food provenance is about where food is grown, caught or reared, and how it was produced. Food certification and assurance schemes guarantee defined standards of food safety or animal welfare. There are many in the UK, including:

Health concerns

People may choose their food based on their own or their family's health and wellbeing:

- allergy and intolerance, e.g. lactose intolerance, coeliac disease, wheat allergy, dairy allergy;
- body image;
- health issues, e.g. coronary heart disease, type 2 diabetes, inflammatory bowel disease, over or under malnutrition;
- mental health.

Individual energy and nutrient needs

The amount of energy and nutrients needed differs between different age groups and between males and females. Energy needs also depend on activity levels. For example, athletes will have much higher energy requirements due to their high level of physical activity.

Key terms

Advertising: Advertising is a form of communication for marketing and used to encourage, persuade, or manipulate an audience to continue or take some new action.

Ethical: Relating to personal beliefs about what is morally right and wrong.

Food certification and assurance schemes: Defined standards of food safety, quality or animal welfare.

Food provenance: Knowing where food was grown, caught or raised and how it was produced.

Marketing: Promoting and selling products or services, including market research and advertising.

Religion: A particular system of faith and worship.

Seasonal food: Food grown at a particular time of year.

Portion size

Having a healthy, balanced diet is about getting the right types of foods and drinks in the right amounts.

Social considerations

- Body image and peer pressure.
- Development of ready meals and a wider range of convenience foods.
- Development of labour saving devices.
- Lack of competence and confidence in the kitchen.
- Lack of time.
- Living arrangement (e.g. living alone).

Food availability

Buying food when it is in season will often mean that the price is lower. Technology and the importation of food has allowed food to be available all year round.

Food choice_

Food choice

Food choices for a balanced diet depend on many factors, such as:

-
-
-
-
-
-

Consumer information

Information can help consumers make informed choices, including:

-
-
-
-
-

What we are learning this term:

Component three is the best and most difficult of the components. It requires you to draw on your knowledge of making drama and create your own piece of theatre in response to a given scenario and stimulus. You have 12 weeks to collaborate with a group, create and refine a piece of theatre and then finally perform to an audience. This will be externally moderated.

Keywords

Brief	A creative brief is a document used to outline the strategy of a creative project. A creative brief contains project details including: Project purpose Objectives Requirements Demographics Deadlines
Stimulus	A starting point for inspiration. Either a picture, a quote, a poem or song lyrics.
Narrative	A story through line.
Fractured Narrative	A non-linear story line.
Verbatim	Copied, quoted, or translated in exactly the same words as were used originally.
Devising process	Devising in drama demands inventiveness, an understanding of the rules of structuring a piece of theatre and a readiness to collaborate with others.
Analyse	Recording insights, ideas and observations
Evaluate	Discuss your development and final work. To help others understand what you were trying to achieve explain your successes and weaknesses. To demonstrate your knowledge and understanding of art and design.
Characterisation	Physical and vocal attributes, individualized to a character that conveys personality and background.
Physicality	Stance, stride, posture, weight.
Vocality	Pitch, pace, pause, accent, intonation.

Component 3 – What is required:	
Activity One	An ideas log completed and saved as a PDF (up to 800 words). An hour exam and one page of notes allowed.
Activity Two	A skills log completed and saved as a PDF (up to 800 words). An hour exam and one page of notes allowed.
Activity Three	Performers must submit a digital recording of a workshop performance of between 7 to 15 minutes per group performance. Designers must submit a digital recording of their pitch/presentation of between 5 to 10 minutes. These performances/pitches/presentations must be to an audience.
Activity Four	An evaluation report completed and saved as a PDF (up to 800 words). An hour exam and one page of notes allowed.

Key learning aims from Component 3	
AO1 Understand how to respond to a brief	Understand how to respond to a brief through discussion and practical exploration activities. Response to stimulus.
AO2 Select and develop skills and techniques in response to a brief	Demonstrate how to select and develop skills and techniques that are needed to realise the creative ideas in response to a brief
AO3 Apply skills and techniques in a workshop performance in response to a brief	Demonstrating effective use of performance skills and effective realisation of design skills and techniques in a workshop performance to the target audience. Communicate effectively through performance. Work well within a group dynamic.
AO4 Evaluate the development process and outcome in response to a brief	Ability to reflect on the performance and the process. By reflecting on; Individual contribution Group contribution effectiveness of the response to the brief o individual strengths and areas for improvement o overall impact of the work of the group.

What we are learning in LAA:	
A.	Key words
B.	Definitions of health and wellbeing
C.	Genetic inheritance

A.	Key words for this Unit
Genetic inheritance	The genes a person inherits from their parents
Predisposition	Someone is more likely to suffer from a particular condition
Chronic	Gradual illness that is long term (longer than 3 months) and generally can be treated but not cured
Acute	A short-term illness that can be cured
Monitor	To check progress over a period of time.
Person-Centred	Planning care around the wants and needs of a service user
Bereavement	The process of coming to terms with the death of someone close.
Circumstances	Events that change your life, over which you have no control
Physiological	Relates to how a person and their bodily parts function normally.
Interpret	understand an action, mood, or way of behaving as having a particular meaning
Collaboratively	Working well together with other people or services
Obstacles	Difficulties a person might face when they implement a plan.
Goal	What you want to achieve in the long term
Norm	Something that is usual, typical or standard
Targets	Challenges to help you reach your goal

B	Definitions of health and well-being	
Positive Definition		Looks at how physically fit and mentally stable a person is. You have a positive attitude towards health and wellbeing if you realise that there is something you can do to improve your health and wellbeing and do it.
Negative definition		Looks at the absence of physical illness, disease, and mental distress. You have a negative attitude towards your health and wellbeing if you: <ul style="list-style-type: none"> • Base your attitude on not having anything wrong with you. • Continues as you are- Inc. keeping bad habits like smoking. • Assume that because you currently feel fine you will stay healthy in the future.
Holistic definition		It is a combination of physical health and social and emotional wellbeing. It is not just the absence of disease or illness; it looks at all aspects of a person's health and wellbeing. You have a holistic attitude towards health and wellbeing if you look after your: <ul style="list-style-type: none"> • Physical Health: Be meeting the needs we have to keep our bodies working as well as they can, e.g. Food, water, shelter, warmth, clothing, rest, exercise and good personal hygiene. • Intellectual health: By meeting the needs we have to develop and keep our brains working as well as possible; these include mental stimulation to keep us motivated and interested. • Emotional aspects of wellbeing: By meeting the needs we have that make us feel happy and relaxed, e.g. being loved, respected and secure. Knowing how to deal with negative emotions, having positive self-concept and being respected by others. • Social aspects of wellbeing: By meeting the needs we have to help us develop and enjoy good relationships with others, including mixing with others in appropriate environments and having access to leisure facilities/ activities.

C.	Genetic inheritance		
	Inherited physical Characteristics		Genes and environment
	<ul style="list-style-type: none"> • Children inherit their physical; characteristics from their parents e.g. height, skin and eye colour and hair type and colour. • These characteristics can affect social and emotional wellbeing because they influence a person's self-concept (self-image and esteem). 		<ul style="list-style-type: none"> • Chromosomes carry genes that determine aspects of persons physical makeup. • Gene is a section of DNA that carries a code. Different versions of a gene are called alleles (they can be faulty). • Environmental factors such as diet, also influence physical appearance. For example, a person may not grow to their full, genetically determined height if they do not have enough food.
Allele type	<p>Dominant: If a gene is dominant a child inheriting it from only one birth parent will have the condition, e.g Huntington's disease.</p> <p>Recessive: If the gene is recessive a child would only develop the condition if it was inherited from both birth parents, e.g. Cystic fibrosis.</p>	Effects of inherited disorders	<ul style="list-style-type: none"> • Physical health: Body systems, growth and mobility • Intellectual wellbeing: learning, thinking, problem solving and decision making. • Emotional wellbeing: how people feel about themselves. • Social wellbeing: the ability to build relationships and maintaining them.

What we are learning in LAA:

- D. Balanced diet
- E. Chronic and acute illness
- F. What are the effect of exercise?
- G. What are the effect of excessive substance use?

D.	Balanced diet
What is a balanced diet?	<ul style="list-style-type: none"> • Diet that contains the correct nutrients in the right proportions to keep out bodies and minds healthy. • It is also a lifestyle choice • Choosing to eat too much or too little might make us less able to take all the opportunities that life offers.
Overweight or underweight may:	<p>A person over weight or under weight may:</p> <ul style="list-style-type: none"> • Be prone to illness and conditions • Have their life expectancy reduced • Be less able to exercise effectively • Miss out on learning experiences • Miss out on some sporting activities • Be less successful in job interviews • Feel embarrassed and self-conscious about their appearance in social situations.
Essential parts of a healthy diet:	<ul style="list-style-type: none"> • Fats (saturated and unsaturated) • Carbohydrates (sugars and starches) • Minerals • Vitamins • Proteins
Est well guide says you should eat:	<ul style="list-style-type: none"> • Eat at least 5 portions of a variety of fruit and vegetables every day. • Base meals on potatoes, bread, rice, pasta or other starchy carbohydrates; choosing wholegrain versions where possible. • Have some dairy or dairy alternatives (such as soya drinks); choosing lower fat and lower sugar options. • Eat some beans, pulses, fish, eggs, meat and other proteins (including 2 portions of fish every week, one of which should be oily). • Choose unsaturated oils and spreads and eat in small amounts. • Drink 6-8 cups/glasses of fluid a day.
If you eat more than you need:	<ul style="list-style-type: none"> • The body will store food as fat and this can lead to: • Obesity, heart disease, high blood pressure, Strokes, Tooth decay or cancer
If you eat less than you need	<ul style="list-style-type: none"> • The body does not get enough nutrients to grow and develop properly and this can lead to: • Eating disorders, stunted growth, anaemia, heart failure, depression, tiredness, cancer or rickets.

E	Chronic or Acute Illness	
	<p>Chronic illness- Illness comes on gradually, is long term (more than 3 months) and generally can be treated but not cured. E.g Asthma, Diabetes, epilepsy, bipolar disease, Alzheimer’s disease</p>	<p>Acute illness- Illness comes on quickly, is short term and can be cured. E.g. Cold, flue, broken bones, heartburn, appendicitis or Diarrhoea.</p>
<p>Some chronic conditions are acute but may develop because of chronic conditions. For example: osteoporosis (a chronic condition that weakness bones) masking their bones fragile and more likely to break. Broken bones are then an acute condition.</p>		
Possible negative effects of chronic illness		
Physical:	<ul style="list-style-type: none"> • poor rate of growth • Unusual physiological change during puberty • Restricted movement 	Emotional: <ul style="list-style-type: none"> • Negative self-concept • Stress • Decision making
Intellectual:	<ul style="list-style-type: none"> • Disturbed learning because of missing school • Difficulties in thinking and problem solving • Memory problems. 	Social <ul style="list-style-type: none"> • Isolation • Loss of independence • Difficulties developing relationships

F.	What are the effect of exercise?	
Positive effects of exercise		<p>Physical: maintain a healthy weight, reduce BMI, boosting energy levels. Improved flexibility, stamina, endurance and stronger bones and muscles. Reduce risk of heart disease and diabetes.</p> <p>Intellectual: improved brain function like mentor and thinking skills.</p> <p>Emotional: improves confidence and mood and reduces stress. Aid relaxation and sleep and lead to better self concept.</p> <p>Social: encourages social interaction, reducing isolation and improving social skills.</p>
Negative effects of exercise		<p>Physical: Obesity and associated health problems.</p> <p>Intellectual: Reduced pain performance, hard to concentrate and retain information.</p> <p>Emotional: poor self-concept and reduced ability to cope with stress.</p> <p>Social: Fewer opportunities for social interactions.</p>

G.	What are the effect of excessive substance use?	
Negative effects of excessive alcohol consumption		<p>Physical: Alcohol dependence, damage to major organs: liver, heart, kidneys, pancreas. Cancers: mouth, throat, oesophagus, liver, breast. Infertility and impotence, weight gain.</p> <p>Intellectual: difficulty in making decisions, depression and anxiety, chance of stroke and brain damage, impaired brain development of unborn baby.</p> <p>Emotional: poor self-concept, poor judgement leading to a risk of accidents and unsafe sex, can have an impact on relationships, depression.</p> <p>Social: breakdown of relationships, domestic violence, social isolation</p>

What we are learning in LAA:	
H.	The effects of social interactions on wellbeing
I.	What are the effects of stress on health and wellbeing
J.	What are the hazards of smoking
K.	What are the effects of personal hygiene

H. The effects of social interactions on wellbeing	
Social integration	When people feel they belong to a group and can interact with others. Social interactions can happen between family members and friends, work colleagues, school learners, members of a community or interest groups.
Social isolation	Occurs when people do not have regular contact with others. This may be because they don't go out much because of physical illness, reduced mobility or unemployment. They might have a difficulty in communicating if they have a mental illness, depression or learning difficulties. Lastly, a person might be discriminated against because of culture, religion or disability.

	Positive effects of relationships Physical: physical support and day to day care and practical assistance. Intellectual: shared experiences, supported learning and thinking Emotional: unconditional love, security and encouragement, positive self-concept, feeling content, ability to build relationships with people outside the family, independence and confidence. Social: Companionship, social circle increases.
	Negative effects of social isolation Physical: poor lifestyle choices like smoking and drinking, poor diet that can cause eating disorders. Intellectual: reduced ability to use thinking skills, missing school/work Emotional: feelings insecure, depression, anxiety, negative self-concept, feeling of hurt, loneliness and distrust, lack of independence, difficulty in controlling emotions. Social: difficulties in building relationships as lack skills.

I. What are the effects of stress on health and wellbeing			
Physical effects	Intellectual effects	Emotional effects	Social effects
Increased heartbeat Increased breathing rate Tense muscles Sweaty palms Dry mouth High blood pressure Loss of appetite Sleeplessness Digestive problems	Forgetfulness Poor concentration Difficulty in making decisions	Difficulty in controlling emotions Feeling insecure Negative self-concept Feeling anxious and frightened Loss of confidence	Difficulty in making friends and building relationships Breakdown of close relationships Social isolation

K. What are the effects of Personal Hygiene?	
Positive effects of good personal hygiene  <ul style="list-style-type: none"> Helps prevent the spread of infection Improves self-concept Reduces number of bacteria that lives on us. You must: <ul style="list-style-type: none"> Brush you teeth Shower daily or bath Wash your hair regularly Keep fingernails and toenails clean and trimmed 	Negative effects of poor personal hygiene Physical: catching and spreading disease like food poisoning, sore throat, meningitis and athlete's foot. Bad body odour, bad breath and tooth decay. Emotional: loss of friendships and social isolation. Might be bullied and poor self-concept. Social: low social interactions as people don't want to be friends with someone that neglects their hygiene. Social isolation.
When caring for others:	<ul style="list-style-type: none"> Bad hygiene can stop effective communication. Negative effect on the person being cared for and their health and wellbeing- pass on infection Discomfort for the person being cared for because of the odour or visible dirt under fingernails.

What we are learning in LAA:	
L.	What are the barriers to seeking help.
M.	What are the effects of unexpected life events on health and wellbeing
N.	What are the effects of economic factors (e.g, income) on health and wellbeing
O.	What are the effects of expected life events on health and wellbeing
L.	What are the barriers to seeking help.
Culture	<p>Accessing HSC services can be influenced by values, traditions, way of life and beliefs of the society or group.</p> <ul style="list-style-type: none"> Some may have received discrimination when accessing other services. Some may not speak English well enough. Values and traditions not understood e.g. eye contact means respect in some cultures but not others. Some cultures a woman must be treated only by a female professional. Alternative therapies are used in some cultures
Gender	<p>Research shows that men are less likely to talk about their health and wellbeing than woman. This is because men are:</p> <ul style="list-style-type: none"> Often less open about their feelings Sometimes reluctant to appear vulnerable by asking for help Not aware of poor health signs as health campaigns target women's health more Unhappy to be examined by a female health worker.
Education	<p>Research shows that people who are better educated are more likely to seek help. This is because:</p> <ul style="list-style-type: none"> They like to research symptoms and know when help is needed Understand the importance of early diagnosis and treatment Know how and where to access services.
Stigma	<p>In some cultural groups there is a stigma attached to certain condition like depression. Stigma is a word used to describe something that people feel embarrassed about. Therefore, they wouldn't seek help.</p>

M. What are the effects of unexpected life events on health and wellbeing		
Life event	Positive Effects:	Negative Effects:
Imprisonment	<ul style="list-style-type: none"> Depression Loss of contact with family and friends Social isolation Restrictions on physical activity 	<ul style="list-style-type: none"> Opportunity to study Improvement in health through balanced diet, lack of alcohol, reduced use of nicotine
Redundancy	<ul style="list-style-type: none"> Poor self-concept Anxiety about finances Fewer opportunities 	<ul style="list-style-type: none"> Opportunities to study or train for a new job More time to spend with family and friends
Exclusion or dropping out of education	<ul style="list-style-type: none"> Loss of contact with friends Social isolation Poor self-concept Lack of learning opportunities 	<ul style="list-style-type: none"> Catalyst for change of behaviour Opportunities for more suitable study or work situation

N.	What are the effects of economic factors (e.g, income) on health and wellbeing	
	Positive Effects:	Negative Effects:
Physical	<ul style="list-style-type: none"> Better financial resources can result in good housing conditions and healthy diet Manual jobs may improve muscle tone and stamina. 	<ul style="list-style-type: none"> Low wages can affect diet and housing, leading to poor health. Manual jobs can cause muscular and skeletal problems Desk jobs lead to less activity and weight gain.
Intellectual	<ul style="list-style-type: none"> Better financial resources can result in more leisure time for intellectual activities Work, education or training helps to develop problem solving and thinking skills 	<ul style="list-style-type: none"> Some people work very long hours to improve their financial position, leading to less leisure time and reduced learning opportunities. Being unemployed can result in poor mental health.
Emotional	<ul style="list-style-type: none"> A well-paid job gives a feeling of security. Being financially secure promotes positive self-concept 	<ul style="list-style-type: none"> Financial worried can result in stress and breakdown of relationships. Unemployment or low-status work can lead to low self-concept
Social	<ul style="list-style-type: none"> Better financial resources provide opportunities for socialising. Work gives opportunities for socialising with colleagues. 	<ul style="list-style-type: none"> Lack of financial resources reduces opportunities for socialising. Unemployment reduces opportunities for relationships, leading to social isolation.

O.	What are the effects of expected life events on health and wellbeing	
Life event	Positive Effects:	Negative Effects:
Starting school, college or uni	<ul style="list-style-type: none"> Build new relationships Extend knowledge and learning Develop new skills Improve confidence 	<ul style="list-style-type: none"> Anxiety about new routines and meeting new people Insecurity about leaving parents and other families
Start a new job or career	<ul style="list-style-type: none"> Develop independence Improve thought processes Improve self-concept 	<ul style="list-style-type: none"> Stress about learning new skills and routines Anxiety about meeting new people
Moving to a new house or area	<ul style="list-style-type: none"> Excitement Develop new friendships and relationships 	<ul style="list-style-type: none"> Unhappiness at loss of old life Stress of moving Social isolation
Retirement	<ul style="list-style-type: none"> Reduced stress Time to socialise with family and friends Opportunities for leisure of physical activities 	<ul style="list-style-type: none"> Loss of relationships with colleagues Possible loss of fitness and mobility Loss of intellectual stimulation and status

What we are learning in LAB:

- A. Physiological health indicators
- B. What are health indicators?
- C. Interpreting lifestyle data

C.	Interpreting lifestyle data
<p>Interpreting data on smoking</p> 	<ul style="list-style-type: none"> • Smoking causes around 96,000 deaths in the UK annually. • Smoker under the age of 40 are 5 times more likely to have a heart attack than non-smoker. • Smoking causes 80% of deaths from lung cancer, 80% of bronchitis and 14% of deaths from heart disease. • More than 25% of all cancer deaths are caused by smoking. • On average a smoker will die 10 years earlier than a non-smoker. • Smokers are more likely to develop facial wrinkles. • Smoking is a cause of impotence and can lead to sperm abnormalities.
<p>Interpreting data on alcohol</p> 	<ul style="list-style-type: none"> • Strongly linked to at least 7 types of cancer • Alcohol-related liver disease accounts for 37% of liver disease and deaths. • 2/3s of cases of chronic pancreatitis are caused by heavy drinking • You are between 2 and 5 times more likely to have an accident or injury • Each drink per day increases the risk of breast cancer in woman between 7-13% • Men and woman should not drink more than 14 units a week and not all in one go.
<p>Interpreting data on inactivity</p> 	<ul style="list-style-type: none"> • Increased risk of breast cancer by 17.8% and colon cancer by 18.7% • Increased risk of type 2 diabetes by 13%. • Increased risk of coronary heart disease by 10.5% • Leads to obesity and joint pain • 16.9% of all premature deaths are caused by inactive lifestyle. • Active people have a lower risk of premature death. • People who are inactive visit their GP more often and they spend 38% more time in hospital.

A.	Physiological health indicators
Pulse	<p>Resting pule rate is measured when a person has been still for about 5 minutes. Health reading for an adult is 60-100 bpm.</p> <p>Pulse rate during exercise: 220bpm minus the person's age.</p>
Blood pressure	<ul style="list-style-type: none"> • This is the pressure exerted by blood against the artery walls. • It is measured in millimetres of mercury (mm Hg) and is shown in two numbers: <ul style="list-style-type: none"> • Systolic pressure: (the top number) is the maximum pressure in the blood vessels as the heart pushes out blood. • Diastolic pressure: (the bottom number) as the minimum pressure in the vessels when the heart relaxes between the beats.
Peak flow	<ul style="list-style-type: none"> • Measured how quickly you can blow air out of your lungs. • it is measured in litters per min (L/min).
BMI	<ul style="list-style-type: none"> • Measures the amount of fat on your body in relation to your height to tell you if your weight is healthy.

B.	What are health indicators?
Importance of understanding indicators	<ul style="list-style-type: none"> • Detect health problems at an early stage • Track improvements or deterioration in health • Make recommendations about health and treatments • Give advice about future health risks • Support individuals to make different lifestyle choices.
What are lifestyle indicators?	<ul style="list-style-type: none"> • These indicators can be used to assess risks to an individual's health and wellbeing now and in the future. • Professionals collect information about lifestyle choices by asking about a person's: <ul style="list-style-type: none"> • Weekly alcohol consumption • Smoking habits • Levels of physical activity and exercise.
What are physiological indicators?	<ul style="list-style-type: none"> • They show how well the body's systems are functioning. • Health professionals check a person's heath by taking measurements. • They compare the results with published guidance.

What we are learning in LAC:		C.	Recommended action to meet health and wellbeing improvement goals	
A. What is a person-centred approach B. Health improvement plan C. Recommended action to meet health and wellbeing improvement goals D. SMART targets for health improvement plan E. Sources of support		To lower blood pressure: <ul style="list-style-type: none"> • Eat five or more portions of fruit and veg a day • Cut out salt • Use relaxation techniques to reduce stress • Join a gym • Drink water alongside alcohol to reduce consumption 	To reduce BMI: <ul style="list-style-type: none"> • Reduce fat and sugar intake • Do not exceed the recommended daily calories intake • Get off the bus a stop early and walk the rest of the way • Drink water instead of sugary drinks. 	
A.	What is a person-centred approach.		To increase peak flow reading: <ul style="list-style-type: none"> • Half the number of cigarettes smoked each day • Use nicotine replacement therapies • Join an exercise or dance class. 	To reduce pulse rate and improve recovery time after exercise: <ul style="list-style-type: none"> • Walk for half an hour at lunchtime • Drink decaffeinated drinks • Take up a physically active hobby • Join a yoga group.
Person-centred approach	A holistic approach that puts the individual at the heart of health care planning, so that the whole range of physical, intellectual, emotional and social health needs are met.			
When planning for health improvements include:	<ul style="list-style-type: none"> • The needs: physical, intellectual, emotional and social. • The wishes: likes, dislikes, choices and desired health goals. • Circumstances: illness or disability, access to facilities, previous experiences, family and relationships, responsibilities. 			
Benefits of person-centred approach:	<ul style="list-style-type: none"> • Will feel involved • Is more likely to trust a health professional who listen to them • Will feel more secure • Is more likely to follow the plan and achieve the targets • Will take responsibility for their own health. 	D. SMART targets for health improvement plan		
Specific	The target must be clearly stated. It should say exactly what you mean, such as to 'lose 2 kg in weight in a week'. The target should be clear and not open to any misunderstanding.			
Measurable	A target of to 'lose weight' is too vague. A specific amount must be stated so you can prove you have met your target.			
Achievable/attainable	If you are following a health and wellbeing improvement plan you must feel it is possible to achieve it. If you do not, you will probably give up before you have even started. An achievable target is to 'lose 1kg this week'. An unachievable target would be to 'lose 20kg this week'.			
Realistic	The target set must be realistic in that you must be able to physically do it. It is not realistic to expect a person who is older and not very fit to run for 30 minutes a day to help weight loss, but it is realistic to ask the same of a fitter, younger person.			
Time-related	The target must have a deadline, so that you know when you need to achieve the target by, and progress can be assessed.			
E.	Sources of support			
Informal support	Informal support is the support an individual receives from partners, family and friends. It is usually the first form of support an individual experiences after and expected or unexpected life event. Informal support can provide reassurance, encouragement, advice, a sense of security, someone to talk through options with and practical help.			
Professions (formal) support	Formal support may be provided by statutory care services (the state), private care services and charitable organizations. Professional support may include counsellors, teachers, careers advisers, occupational therapists, social workers and health specialists. Professional support may be needed to help people with a health condition, regain mobility, deal with life changes and emotions, get advice and information or change their lifestyle.			
Voluntary support	Organizations offering voluntary support are charities, community groups and religious groups. At voluntary support services, many staff are volunteers (they work for free), but they also employ qualified people who are paid by donations. Community groups work at a local level to meet the needs of people living in a specific neighbourhood i.e. foodbanks. Religious groups are formed by people who share the same religious or spiritual beliefs but they help all people in need regardless of their beliefs and background i.e. a church run soup kitchen for the homeless.			
B.	Health improvement plan			
What is it?	Health and wellbeing improvement plans are often based on an individual's physiological and lifestyle indicators. Plans should be person-centred and include goals, actions and targets and possible sources of support.			
The plan will identify:	<ul style="list-style-type: none"> • The health issues and goal • The recommended actions to take • A set of targets for health improvement • The supports that are needed • Possible obstacles to progress and way to overcome them. 			
Positive effects of a health improvement plan	<ul style="list-style-type: none"> • Be fitter • Loose weight • Have improved self-concept • Lower blood pressure, healthier heart • Reduced risk of cancer • Taking control of their health outcomes and reaching health goals 			

F.		G.		
What are the potential obstacle to implementing plans?		What are the possible obstacles to accessing services?		
		Type of obstacle	Possible obstacles	Suggestions to overcome obstacles
Emotional/psychological-Lack of motivation	<ul style="list-style-type: none"> A conflict between choices such as worrying that giving up smoking could result in weight gain Other priorities in a person's life- such as getting married or bereavement. Having negative attitude- believing change will be too difficult Lack of progress for example losing eight quickly in the first weeks but then slowing down. Having a blip- thinking there is no point in continuing the plan after briefly returning to an old lifestyle. 	Geographical	<ul style="list-style-type: none"> Service is difficult to get to because of poor bus or train services. 	<ul style="list-style-type: none"> Arrange hospital transport Suggest telephone helplines or internet support groups.
Emotional/psychological-Low Self-concept	<ul style="list-style-type: none"> People with low self-concept don't value themselves, Feel powerless to change their lifestyle or that there's no point in starting because the task seems too big. Some thin that because they were unsuccessful in other aspects of their life, they won't achieve their health goals. They may not feel they have support and approval from family and friends even if they really do. 	Financial	<ul style="list-style-type: none"> Charges to use the services Time off from work would mean loss of pay 	<ul style="list-style-type: none"> Check for entitlements, such as medicines and treatments Direct the person to advice on benefits and employee rights.
Emotional/psychological-Acceptance of the current state	<ul style="list-style-type: none"> People may accept their present health problems or lifestyle choices, as it is easier to stay the same than to make changes. Have no incentive to make a change because they do not understand the health risks. Have no desire to change, for example, if they are happy with their weight or don't want to give up smoking. 	Psychological	<ul style="list-style-type: none"> Fear of being judged because there is stigma around a health problem (mental health, obesity) 	<ul style="list-style-type: none"> Talk about concerns and reassure Direct the person to a charity that supports people with a particular health problem.
Time constraints	<p>People find that they do not have the time to achieve their health improvements targets because of:</p> <ul style="list-style-type: none"> Care of young children, family members that are not well. Regular and additional work and study commitments Domestic chores Medical appointments 	Physical	<ul style="list-style-type: none"> Difficulty getting into the buildings where the service is provided (no wheelchair access). No where to park near the service 	<ul style="list-style-type: none"> Be aware of services that are adapted for easy access Ask a friend or family member to drop the person off at the service
Availability of resources	<p>Financial obstacles:</p> <ul style="list-style-type: none"> Gym memberships, entry fee for a swimming pool Cost of attending exercise classes Cost of travel to the gym. pool or to attend health appointments Higher costs of some healthy foods. Lack of and the cost of exercise equipment 	Personal needs	<ul style="list-style-type: none"> Communication difficulties because of poor language skills, sensory or learning disability . Concern that cultural needs are not understood 	<ul style="list-style-type: none"> Provide support services that meet the person's needs, such as a BSL signer, interpreter, advocate Use anti-discriminatory practice and encourage others to do so
Unachievable targets	<ul style="list-style-type: none"> Expectations too high Targets are not clear There are too many targets Timing is wrong/poor Targets are not suitable for the individual Fear of not being able to meet targets Not being in the right frame of mind to commit to the plan, e.g. due to depression. 	Resources	<ul style="list-style-type: none"> Limits on services, such as support aids and equipment Staff shortages, leading to long waits for appointments and support. 	<ul style="list-style-type: none"> Suggest sources of second-hand equipment Look for alternative strategies, for example an exercise DVD if there are no places at an exercise class.
Lack of support	<ul style="list-style-type: none"> Diet- find it difficult if a person on a healthy eating plan is surrounded by others that eat junk food or tempted by the chocolate and biscuits in the cupboard, Family and friends go out for meals instead of doing other activities. Smoking- friends and family smoking and offering them cigarettes. Lacking will power to quit. Alcohol consumption- someone that is used to drinking with family and friends will find it difficult to stop without their support. It would be hard to quit if the family and friends drink wine with their meals, friends centre a night out around heavy drinking at pubs and clubs. 			
Ability, disability and addiction	<ul style="list-style-type: none"> Understand what they need to do Learn how to make the required changes in their lives. Any places the person uses are wheelchair accessible Any exercise advised is wheelchair friendly. If stop smoking, then can put on weight- put people off. Like the way alcohol makes them feel but cant admit that they have a problem
