Pupils make most of their time at school

PUPILS leaving Swindon Academy have made the most progress from the start to the finish of their secondary school careers.

The childrens' abilities from when they entered the school at key stage two, to when they left the school at key stage four increased more than at any other school in the town.

This is shown in the CVA

measure on the table in which they achieved 1018.0 – scores above 1000 are considered above average.

Principal Jan Shadick, said the results were a testament to the childrens' hard work.

She said: "We are on a real highway of transformation here and what we see in those league tables is a big step forward and all the

indicators are that we will continue next year. It is a testament to all the hard work of the students.

"The progress we are making with the children, which is what I think people should really look at, is phenomenal. If you look at the national picture there are not many schools that got more than 1010 in that section so to get 1018 is incredible," she said.

Occupational Health Awards.
There are just for submit entries for in time for the dead
This year entries using a RoSPA Awards contains forms and still time to apply for
Dave Rawlins, RoSPA manager, said: "The look not only at accidents also entrants' over safety management
