# 100% book - Year 7 Mainstream

Aim to memorise 100% of the knowledge on these Knowledge Organisers.

## Term 1

Swindon Academy 2022-23				
Name:				
Tutor Group:				
Tutor & Room:				

"If you are not willing to learn, no one can help you.

If you are determined to learn, no one can stop you."

## How to use your 100% book of Knowledge Organisers and Quizzable Organisers

Knowledge Organisers					
111	**	sr 7 Term I Scier	IDE/Chemistry : Topic TCP Particle		
1000000000	are learning this term:		te the properties of the three of matter	A. What is diffusion?	
C. Moto	phy files	solid	liquid gas	The movement of particles from a togher concentration to a lower concentration	
	rda for this term			B. What happens to the temperature of a substance when it changes	
1 Made 2 Perts	le 7 Eveneration	theid diage	C rest right C not right	During the change of state, the temperature	
3 Diff.d 4 Math	g 9 Solvers	• faid vices	Red state     Red state	will stay the same until the change of state is complete	
		A. What is	the law of conservation of mass?	1 1.8	
	ut is particle theory? In Pat all mater is made up of particles.		nservation of Mass states that mass red or destroyed	1	
Α.	Describe the arrangement and movement of particles in the three states of motion	8	What are the different changes of state?	1 - 31	
Solid	In a regular patient. Particles can	Award	change of state from cold to legal		
Lipset	Vitratic in a feed position. Particles are ananged randomly but	Frenne	Drange of states from liquid to solid	C. What is the difference between a pure and an impure substance?	
	are still touching each other. Particles can slide past each other and move arount	Experation	Durps of risks from liquid to per-	Pure Impure	
Gas	Particles are for apart and are amerged randomly. Particles carry a lot of energy and fixey move in all directions in a high saved.	Condensation	Change of state from gac to liquid	A material that is made up of only one type of particle.	
		1000	Gaining energy		

Knowledge Organisers contain the essential knowledge that you MUST know in order to be successful this year and in all subsequent years.

They will help you learn, revise and retain what you have learnt in lessons in order to move the knowledge from your short-term memory to long-term memory.

### Quizzable Knowledge Organisers

Α.	Describe the arrangement and movement of particles in the three	В.	What are the different changes of state?
	states of matter.	Melting	
Solid			
Liquid		Freezing	
Liquid		-	
		Evaporation	
Gas		Condensation	
	-		/~

These are designed to help you quiz yourself on the essential Knowledge.

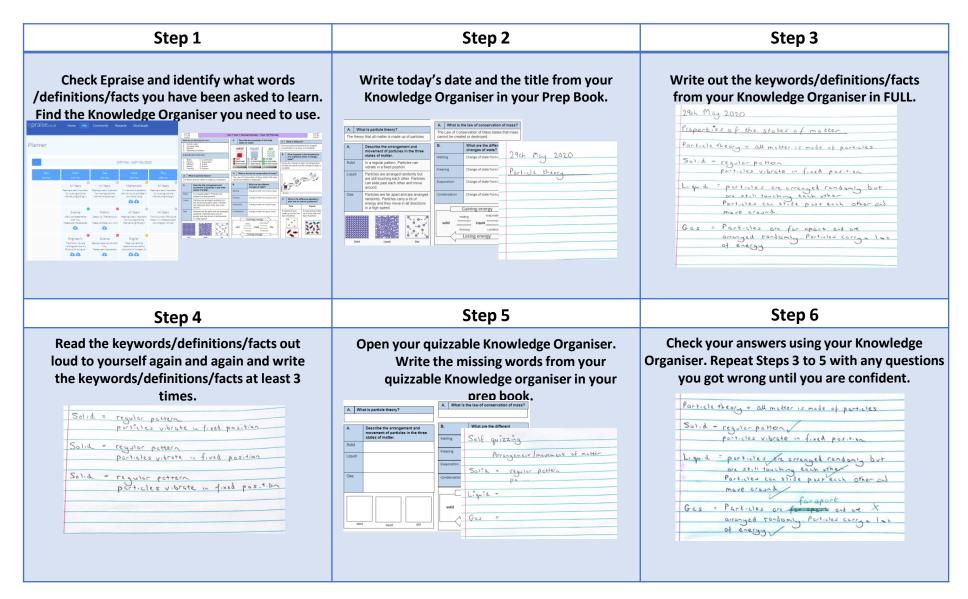

Use them to test yourself or get someone else to test you, until you are confident you can recall the information from memory.

**Top Tip** Don't write on your Quizzable Knowledge Organisers! Quiz yourself by writing the missing words in your prep book. That way you can quiz yourself again and again!

## **Expectations for Prep and for using your Knowledge Organisers**

- 1. Complete all prep work set in your subject prep book.
- 2. Bring your prep book to every lesson and ensure that you have completed all work by the deadline.
- 3. Take pride in your prep book keep it neat and tidy.
- 4. Present work in your prep book to the same standard you are expected to do in class.
- 5. Ensure that your use of SPAG is accurate.
- 6. Write in blue or black pen and sketch in pencil.
- 7. Ensure every piece of work has a title and date.
- 8. Use a ruler for straight lines.
- 9. If you are unsure about the prep, speak to your teacher.
- 10. Review your prep work in green pen using the mark scheme.

## How do I complete Knowledge Organiser Prep?

Make sure you bring in your completed Prep notes to demonstrate that you have completed your prep.

#### Year 7 Term 1 Science/Chemistry : Topic 7CP Particles

## What we are learning this term:A. Particle modelB. Changing State

- C. Mixtures
- D. Separating techniques

#### 7 Key Words for this term

1. Distillation

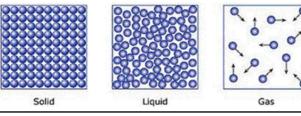

7. Properties

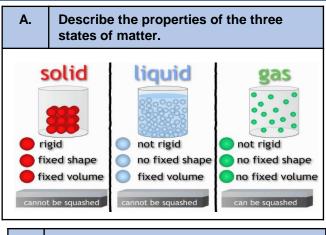

- 2. Separation
- 3. Conservation
- 4. Solute
- 5. Solution
- 6. Chromatography

#### A. What is particle theory?

The theory that all matter is made up of particles.

Α.	Describe the arrangement and movement of particles in the three states of matter.
Solid	In a regular pattern. Particles can vibrate in a fixed position.
Liquid	Particles are arranged randomly but are still touching each other. Particles can slide past each other and move around.
Gas	Particles are far apart and are arranged randomly. Particles carry a lot of energy and they move in all directions in a high speed.

#### A. What is the law of conservation of mass?

The Law of Conservation of Mass states that mass cannot be created or destroyed.

В.	What are the different changes of state?	
Melting	Change of state from solid to liquid	
Freezing	Change of state from liquid to solid	
Evaporation	Change of state from liquid to gas	
Condensation	Change of state from gas to liquid	
Gaining energy melting evaporating solid Liquid Gas		

Losing energy

condensing

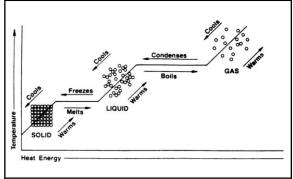

freezing

#### A. What is diffusion?

The movement of particles from a higher concentration to a lower concentration.

## B. What happens to the temperature of a substance when it changes state?.

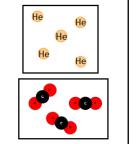

During the change of state, the temperature will stay the same until the change of state is complete

 C.
 What is the difference between a pure and an impure substance?

 Pure
 Impure

 A material that is made up of only one type of particle.
 A material that made up of more than one type of particle.

## What is a mixture? D. A mixture contains different elements or compounds that are not chemically joined to each other. D. What happens when a substance dissolves? During dissolving, the solvent particles surround the solute particles and move them away so they are spread out in the solvent. D. What are the different parts of a solution? Solute The substance that dissolves into the solvent. Solvent The liquid that the solute dissolves into. Solvent Solute $\cap$ $\cap$ **Solution** What is the difference between a coluble

D.	what is the difference between a soluble substance and an insoluble substance?		
Soluble	e	A substance that dissolves into a solvent.	
Insoluble		A substance does not dissolve into a solvent.	

D.	How are diffe	w are different mixtures separated?				
Metho	d	Used to separate:	Apparatus			
Evapor	ration		Solution Evaporating basin Heat			
Filtratio	חנ	An insoluble solid from a liquid	Solid and liquid Filter paper Filter funnel			
Distilla	tion	The parts of a liquid solution according to their boiling point.	Pure vapour Mixture of liquids Heat			
Chrom	atography	Mixtures of solutes according to their solubilities in a solvent.	piece of wood pin paper beaker ink spot water Start			

D.	What is a mixture?

D.	What happens when a substance dissolves?

D.	What are the different parts of a solution?
Solute	
Solvent	
	Solution

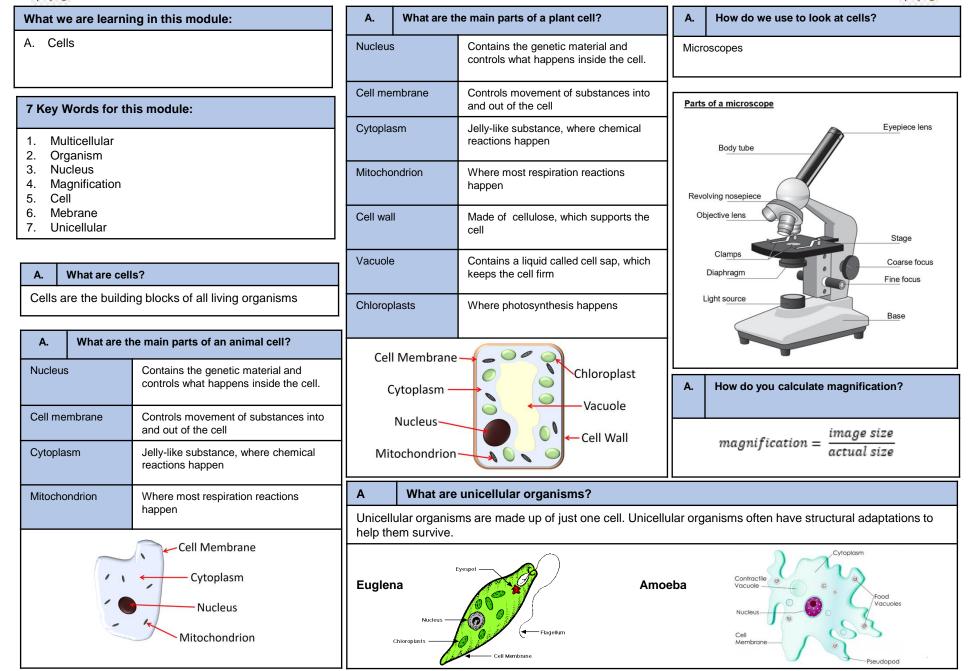

D.	What is the difference between a soluble substance and an insoluble substance?	
Soluble		
Insoluble		

D.	How are different mixtures separated?

## Year 7 Unit 1 – Origins of Abrahamic Faith

Keywo	ords	What we a	are learn	ing in this unit	A.		Genesis and Noah	
Sin	An act of disobedience against the will of God	B. Abrah		he covenant	Genes	-	Sets out a theme that humans need to be reunited with God	
Exile	Being barred from one's country as a punishment	D. Exodu E. Jesus	<ul><li>D. Exodus and Leviticus</li><li>E. Jesus the Rebel</li></ul>		What did Adam and Eve do?		<ul> <li>Adam and Eve broke Gods' rules in the Garden of Eden when they ate fruit from the tree of knowledge of good and evil when they were not supposed to</li> </ul>	
Covenant	An agreement or a promise made by God to humanity	F. Beginnings of Islam     B.   Abraham and the covenant					<ul> <li>This is because Eve was tempted by a serpent</li> <li>God exiled them from the Garden of Eden as punishment</li> </ul>	
Atonement	The action of making amends for wrongdoing	Abraham	<ul> <li>When Abraham was born people made statues called <b>idols</b> and worshipped them</li> <li>They sacrificed things to the idols and even</li> </ul>		Noah's ark	;	<ul> <li>God saw that humans were becoming more and more evil. This made him regret creating humans</li> <li>God sent a flood for 40 days to wipe out humans</li> </ul>	
Sacrifice	Slaughtering an animal or person as an offering to a deity (God)		sao • Ab	rificed people raham realised there was only one God d smashed the idols that his father had			<ul> <li>from the Earth</li> <li>God told Noah to build an ark and take 2 of every animal</li> <li>Afterwards, God made a covenant with Noah that it would never happen again.</li> </ul>	
Rebel A person who rises in opposition to an established institution		Covenant	<ul> <li>God made a covenant with Abraham because he proved that he believed in one</li> </ul>			This shows God does not like sin and the forgiving		
Slave	A person who is the legal property of another and is		• He	<ul> <li>God</li> <li>He promised that his descendants could have the promised land forever</li> </ul>		E.	Jesus the Rebel	
Polytheism	forced to obey them The belief in or worship of more than one God		<ul> <li>He promised that Abraham would have many descendants</li> <li>Promised that Abraham would have a son</li> </ul>		Jesus Rebel	tne	<ul> <li>Some Jews didn't like the messages that Jesus was spreading</li> <li>Jesus opposed the religious leaders for leading people away from God</li> <li>Jesus spent time with outcasts which goes against rules in Leviticus</li> </ul>	
C.	Abraham's sacrifice & Abraham in A						• Jesus overturned tables in the temple because he did not agree with people trading and	
Sacrifice	<ul> <li>God told Abraham to sacrifice h as a burnt offering on a mounta</li> <li>When Abraham went to sacrifica son, angels came down and told</li> </ul>	n his	xodus	<ul> <li>Jewish people were slaves in Egypt, God sent 10 plagues to Egypt so the Pharaoh would free them</li> </ul>	F. Prophet Muhammad		scamming people in the Temple       Beginnings of Islam	
	to stop <ul> <li>It was a test to see if he would of God</li> </ul>	bey		<ul> <li>After they fled Egypt, God gave Jewish people the 10 commandments</li> <li>Shows God is there in times of</li> </ul>			<ul> <li>Muhammad was trustworthy and honest</li> <li>He felt troubled by the corruption and cruelty in Mecca and disagreed with idol worship</li> </ul>	
What does it show	bes it was obedient			difficulty, God brings Justice and God is all powerful			<ul> <li>He spent time praying in a cave and an angel appeared to him</li> <li>Angel Jibril revealed the Qur'an to Muhammad</li> </ul>	
	<ul> <li>should no longer happen</li> <li>If you follow God's commands y be rewarded</li> <li>God tests everyone in life</li> </ul>	Leviticus		<ul> <li>Gives people rules and instructions of how to become pure</li> <li>Still used by Jews today</li> </ul>	Why is Muhar import	nmad	<ul> <li>Last prophet</li> <li>Role model because of the moral way he lived his life</li> </ul>	
Importan ce	<ul> <li>Abraham is important because I established Makkah as a holy p</li> <li>He built the first Mosque</li> </ul>			<ul> <li>Includes the day of Atonement where a goat is sacrificed and a scapegoat is used to send away sins of community</li> </ul>			<ul> <li>Perfect example of how to live</li> <li>Taught people the word of Allah</li> <li>He carried on even though he faced hatred and violence</li> </ul>

#### ART Year 7 Term 1:Topic = Remembrance Poppies

#### What we are learning this term:

- A. About Paul Cummins installation 'Blood Swept Lands and Seas of Red'
- B. How to use the Grid method for accurate drawing
- C. Using clay to create a ceramic poppy slab method for accurate drawing
- D. Using poster paint to decorate your sculpture

#### 6 Key Words for this term

#### 1. Remembrance

- 2. Sculpture
- 3. Installation
- 4. Decoration
- 5. Line
- 6. Ceramic

Ŋ

4

C. Using clay to create a ceramic poppy using the slab method

**Clay** is a **material** used by artists. It is made from minerals. It is found underground. There are many different types of clay.

#### Steps for making your poppy:

- 1. Roll out the clay using a rolling pin, wooden board and slats
- 2. Use a template or a cutter to cut the poppy shapes
- 3. Join piece using score and slip
- 4. Decorate the clay using **additive** and **subtractive** techniques
- 5. Fire the sculpture in the kiln
- 6. Decorate the ceramic sculpture using poster paint

#### What each tool is used for:

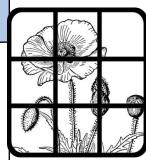

Rolling pin	Rolling the clay out into a slab
Wooden board	Stops the clay sticking and minimises dust
slats	Stops the clay being rolled too thin
States of working w	vith clay
Plastic Leather-hard	Very flexible, high moisture content, easy to shape Partially dried out, can still be carved but no longer shaped
Bone dry Bisque fired ceramic	No moisture. Can't be altered After first firing (lower temperature), waterproof After second firing (higher temperature). Delicate

	А.	About Paul Cummins and his installation 'Blood Swept Lands and Seas of Red
•	What?	He installed 888000 clay poppies at the Tower of London in 2014 covering 16 acres
	Why?	Each one represented a service/man woman who died during WW1 (1914-18)
,	How?	Each one was made by hand using clay, fired in the

kiln and painted before going on display

- B How to use the Grid
   Method for accurate drawing
- Use a ruler to draw an equally spaced grid onto your image
- 2) Draw an identical grid LIGHTLY onto paper
- Draw in the main *outlines* of your image, focusing on one square at a time Use a ruler to help you *measure* the positioning of lines if needed
- 4) Add main details before erasing he grid on the paper
- 5) Add fine *details* and build in *tone*

	G.	Key wo	rds and definitions
