-----	--	----

1. Overview

- 1.1 This document is United Learning's Group Health and Safety Management Policy. It details the management arrangements in place for the protection and promotion of excellent standards in occupational health and safety.
- 1.2 All schools and central office locations are required to work in accordance with the roles and responsibilities detailed in this documents and the operational requirements detailed in the subsidiary topic policies (see [Section 24](#)).
- 1.3 Adhering to this policy and the subsidiary topic policies will ensure compliance with ISI and Ofsted requirements in relation to occupational health and safety. Should ISI or Ofsted raise any concerns in relation to the various policy requirements, the Inspector should be directed to the Group Health and Safety Manager for resolution.
- 1.4 Effective health, safety and welfare management is not about ticking boxes, or filling out forms. It is about providing a work environment in which people are happy, safe, and healthy; all of which help to make United Learning an employer of choice.
- 1.5 Throughout these documents the term 'Site' is used to refer to schools and central office locations and operations.

2. Approach to Policy Development

- 2.1 A full list of Group health and safety policies is shown in [Section 24](#). These documents have been produced either where there is an explicit statutory requirement relating to the topic e.g. asbestos, or where the topic is a priority in the education sector e.g. educational visits.
- 2.2 All health and safety policies are published on [United Hub's Health and Safety pages](#), and Health and Safety Coordinators are notified of any changes via Health and Safety Briefing Notes, a library of which can also be found in the [Health and Safety](#) pages of United Hub.
- 2.3 The various health and safety policy documents are supplemented by guidance documents and templates in the [A-Z section](#) of the health and safety pages on United Hub.

3. General Documentation Requirements

- 3.1 Without prejudice to the requirements detailed later in this policy and the subsidiary topic policies, all Sites are required to hold the following information in a format easily accessible and available to all staff relevant to the current academic year/period of review:
 - A signed copy of the '[Group Health and Safety Statement of Intent](#)' displayed in a prominent location
 - A localised '[Organisation of Health and Safety](#)' and '[Standalone Topic Policy](#)' document, signed by the Head Teacher and Chair of the LGB

- A copy of HSE's Health and Safety Law Poster, completed and displayed in a suitable location
- The localised procedural documents required as per the Group Health and Safety topic policies including any site devised pro-forma
- The risk assessments relevant to all Site operations

3.2 Only the '[Group Health and Safety Statement of Intent](#)' of Intent needs to be published on the school's website

4. Structure of the Group Health and Safety Management Policy

4.1 The United Learning Group Health and Safety Policy is divided into three areas.

4.2 Part 1 Statement of Intent

4.3 This is the declaration by United Learning's Chief Executive Officer and Chair of the Group Board regarding the commitment made to the health, safety, and welfare of employees, students/pupils and any other premises users. A copy is available in the '[Policies](#)' section of the health and safety pages on United Hub.

4.4 Part 2 Organisation

4.5 This section contains the details of each individual employee's role and responsibilities in relation to health and safety. Sections 5 to 20 contain general duties applicable across the Group. The '[Local Organisation of Health and Safety](#)' must be completed by the relevant school or central office and populated with the names and roles of those with the specific duties contained within.

4.6 Part 3 Arrangements

4.7 The arrangements section details the monitoring and review arrangements that are in place for occupational health and safety. This section also introduces the standalone [Group Health and Safety Topic Policies](#).

4.8 At the end of this section is a declaration to be signed by the school's head teacher and Chair of the LGB. This document (in its entirety) may then be published on the school website if so wished. There is no requirement to publish individual policies or local management arrangements relating to health and safety.

4.9 This localised Policy must be published locally and communicated to all relevant staff at suitable intervals (usually annually) or whenever any significant changes are made. A copy must also be returned to the Group Health and Safety Manager at the start of each academic year.

4.10 For independent schools, ISI require that policies relating to health and safety are 'made available' to interested parties. There is no requirement for individual health and safety policies to be published on the school's website, however, schools should still ensure that they have local documentation in place for each of the topic policy areas as relevant to their operations and that these can easily be presented to all interested parties, including ISI inspectors, as required.
